

## Popvalve

Being a column in which the publisher just "blows off the steam."

By Willard Jones

BOB RIDDELL, auto parts man, declares he is having trouble finding enough time in a day's lapse to get in his wanted periods of golfing and fishing sandwiched in with a certain amount of work at his place of business that seems so necessary in order to provide a few beans and bread for his family.

With this situation in mind, it is reported Bob and a friend were discussing time and the speed of light. Bob's friend asked:

"What do we know about the speed of light?"

"It arrives too soon in the morning," Bob retorted.

A HAMLIN SWAIN avers that kissing a girl in a car can have its complications. He reports...

"Her lips quivered as they approached mine. My whole frame trembled as I looked into her eyes. Her body shook with intensity as our lips met, and my chin vibrated and my body shuddered as I held her, pulsating, close to me."

The moral: Never kiss 'em in a car with the engine running."

ROY C. BROWN, former county commissioner and farmer living southeast of Hamlin, declares, along with many others, that the weeds that have come out since the bountiful rains the previous eight or ten weeks are the rankest he has ever seen in all his days.

Sunflowers especially have almost taken fields, row ends and right-of-ways over the territory.

"Why, weed seeds that probably have lain dormant for 10 or 15 years have come up during the past several weeks," he avers. "And on my place southeast of town I have a big batch of lamb's quarters that I have never seen in my field before. Guess those lamb's quarters seed were blown in during the past several years during sand storms from no telling how far—then the moisture sprouted the seed after they were kicked around over the territory."

MONEY is often the measure of a man. It helps to make him successful or may be his downfall...

If a man runs after money—  
He's money mad.  
If he hoards it—  
He's a capitalist.  
If he spends it—  
He's a playboy.  
If he doesn't get it—  
He's a ne'er-do-well.  
If he doesn't try to get it—  
He lacks ambition.  
If he gets it without working—  
He's a parasite.  
If he gets it after a life of hard labor—  
He's a fool who got nothing from life!

BOB BARROW, long time funeral director and furniture store operator, likewise was commenting on the vegetation growth of the section.

"Had you noticed the fine crops of wheat and oats along the highways of the Hamlin area? If a fellow could just get a combine to go along and pick out the volunteer grain from among the sunflowers and other weeds, he could harvest a nice crop, couldn't he?" Bob further told of stuff that is coming up volunteer at his home place. "I've got a good crop of tomatoes in my back yard that I never planted," he declared. He said he had transplanted a lot of the plants, and it looks like he will have tomatoes to spare, he admitted.

"Those tomatoes must have come up from seed scattered from scraps from the table during the past few years. At any rate, even if I didn't plant 'em, I'm going to enjoy 'em," he declares.

A COLUMNIST in an exchange coming to our desk recently used these pert paragraphs to spark his column:

One fellow has observed that since the children are out of school the mothers are out of luck.

The more dollars you can show your friends, the more sense they think you have.

Americans scrapped close to a million old autos last year, thereby saving an awful lot of lives.

Some of the kids who speed in hot-rods don't know where they're going until a cop picks them up.

There's a place for everything except your knees under some of the restaurant tables.

SLIP MATCHES BLAST—Two unidentified Texas Rangers prepare to set fire to part of over 1,000 slot machines seized at the old Hollywood Club in Galveston during clean-up drive against Galveston gambling.

## Marketing Quotas Again Approved by Wheat Growers

### Texas and Nation Favor Acreage And Price Plans

Farmers of Jones County and the rest of the nation voted to continue federal marketing quotas on next year's wheat crop.

The count for Jones County was 78 to 6. Hamlin voted nine for none against; Stamford, ten and one; Lueders nine and none; Nugent 11 and none; Noodle, seven and none; Anson, 14 to three; and Hodges, 18 to two. Hamlin had two challenge votes and Noodle had one bringing the total for the county to 87 votes cast. There were about 1,500 voters qualified.

Incomplete returns showed a favorable majority of 83.3 per cent for from 36 states—far in excess of the necessary two-thirds. It compared with a majority of 87.5 per cent given quotas a year ago. Totals in numbers ran 143,333 for and 26,833 against.

The department had said that if quotas were approved, it would support the 1958 crop at an average of \$1.78 a bushel, but would drop this to about \$1.19 if quotas were rejected.

With granaries carrying a full year's supply from the previous crops, growers thought market prices would drop to the lower support level if controls were abandoned.

In approving controls for the fifth consecutive year, farmers will limit sales to the amount grown on a 55 million acre allotment—the same as on the past four crops.

Tenans backed the quotas 8,564 for and 1,020 against.

## Final Stages of Work on Addition to Hamlin Memorial Hospital Underway

Final stages of work is being done on the \$60,000 east wing addition to the Hamlin Memorial Hospital, according to J. C. Babb, director of work for Baco Construction Company of Abilene, general contractor for the project. The structure should be ready for occupancy about August 1, he said.

Despite rainy weather of much of the contract period, good progress has been made on the structure.

### Continued Interest in Recreation Apparent

Continued good interest is being manifested in the summer recreation program that is underway at the new Hamlin High School gymnasium, reports D. C. Andrews, new head coach of the school, who is directing the play periods.

Sixth, seventh and eighth graders are participating from 9:00 to 10:30 a. m. The high school level students are attending from 10:30 to 12:00 noon.

Recreation consists of volleyball, basketball, tennis, ping-pong and shuffle board. All participants are required to wear tennis shoes while on the gym floor, Andrews reminds.

MINISTER OF YEAR—Rev. Robert L. Wimpee of Crystal City (above) was named "Texas Rural Minister of the Year" by The Progressive Farmer magazine and Emory University of Atlanta, Georgia. The recognition is given for his outstanding work last year as pastor of Taylor's Valley Baptist Church in Bell County.

### Swimming Pool Still Proving Popular

Business continues to flourish at the Hamlin swimming pool at the City Park, reports B. V. Newberry, operator of the pool under lease agreement with the Hamlin Foundation, Inc.

Between 150 and 200 people, chiefly boys and girls, are taking advantage of the swimming facilities at the pool each day, Newberry says.

Swimming classes are being conducted for learners by Hollis Adams. Special instruction can be arranged with Adams, Newberry says.

### Scores of Hamlin Area People Will Go to Roby Rodeo

Scores of Hamlin area people, youngsters and oldsters alike, are scheduled to attend the seventh annual Fisher County 4-H Club Rodeo, scheduled Friday and Saturday at Roby. A number of boys and girls of the section will be entries in the events, for which hundreds of dollars in prizes have been posted.

This is the second year the show has had American Junior Rodeo Association approval, which sets high standards for the events.

Following a parade Friday afternoon at 5:30 o'clock, the regular shows are scheduled to begin at 8:00 each evening Friday and Saturday at the rodeo grounds, located in Southwest Roby.

Goat Mayo of Petrolia will furnish stock for the rodeo events. Events for boys will include calf roping, ribbon roping, bull riding and bareback bronc riding. Events for the girls will include ribbon roping, pole vaulding, barrel race and saddle race.

Special added attraction open to Fisher County club members, 12 years and under, will be a greased pig race, with the winner receiving the pig he catches.

J. L. Harris and his trained mule will be featured at each night's performance.

Admission will be \$1 for adults and 50 cents for children, proceeds from which will go into the 4-H Club fund that provides finances for club trips and other activities, according to James Norman, county agent and sponsor of the clubs in Fisher County.

### City Budget Hearing Set for Thursday Eve

Public hearing for the Budget of the fiscal year 1957-1958 for the City of Hamlin will be held today (Thursday), according to a notice in The Herald elsewhere. Time has been set from 7:30 to 8:30 p. m. at the City Hall.

TAKE OATH—Judge Penn J. Jackson, left, of Cleburne is sworn in as the Chairman of the new State Board of Insurance in Austin. At right Chief Justice of the State Supreme Court John W. Norton administers the oath to Jackson. The ceremonies were held in the Governor's reception room.

### Tax Receipts for Schools and City Being Prepared

During the past several days The Herald has delivered to the two local taxing agencies, the Hamlin Consolidated Independent School District and the City of Hamlin, their tax receipts for 1957 taxes. The school district uses 2,700 receipts and the city 1,800.

The combination statements and receipts are being made out by workers in the two tax collecting offices, and statements should be put in the mails during September, according to Marshall W. Carter, assessor-collector for the school district, and Mrs. M. M. Barrow, assessor-collector for the city.

As usual, the taxing agencies are allowing discounts for early payment of 1957 taxes. During October a discount of three per cent will be allowed, during November two per cent, and during December one per cent. Net taxes are payable during January, and after January 31, 1957, penalty and interest will be charged on unpaid taxes.

Tax collections during the past several years have been good, including considerable delinquent taxes, declare the collectors.

### Cowgirl Sponsors to Stamford Reunion Named by Two Clubs

Two cowgirl participants for the annual Texas Cowboy Reunion rodeo events next month at Stamford have been named by sponsoring clubs. The events will take place July 2, 3 and 4.

Rebecca Ferguson, daughter of Mrs. Thomas Ferguson, will again be sponsored by the Hamlin Business and Professional Women's Club. She will ride her horse, Butch in the parades and the barrel races at the rodeo.

Wyvonne Conner, daughter of Mr. and Mrs. Bryant Conner, is being sponsored by the Hamlin Lions Club. She will ride her bay horse, Stockings.

### Baptist Educational Building Takes Shape

Foundation and flooring work on the 70x44-foot two-story educational building of the First Baptist Church were being completed over the week-end to make the new \$60,000 project take shape. Work now should show up fast as the big structure continues, declares a representative of Stone Construction Company of Colorado City, general contractor on the job.

The structure, being built as an addition to the southeast corner of the present church building, will provide additional assembly and classrooms for the Sunday School, says Rev. Calvin Bailey, pastor.

TEXAS COWBOY REUNION SPONSOR—Rebecca Ferguson, left, daughter of Mrs. Thomas Ferguson and Wyvonne Conner, right, daughter of Mr. and Mrs. Bryant Conner will be Hamlin's sponsors at the Texas Cowboy Reunion at Stamford July 2, 3, and 4. Rebecca will be sponsored by the Business & Professional Women's Club and Wyvonne will be sponsored by the Lions Club.

## Part of Deeds on Highway 92 Signed

Several deeds for right-of-way for the relocated and widened Highway 92 from Hamlin to Tuxedo have been signed by property owners, reported County Judge H. G. (Pete) Andrews. Others are in the process of preparation and signing, he says.

The county agreed to furnish the right-of-way for the 20-mile stretch from Hamlin to Stamford, for which bonds of \$60,000 were voted in March by a road district comprised of about the north one-third of Jones County.

The Hamlin-Tuxedo section has already been mapped, and contracts are due to be let late this summer after right-of-way is secured. The Tuxedo-Stamford section will come later. Funds have already been allocated by the Texas Highway Commission for the project.

Route of the widened highway will be on the present stretch through the colored section, then in an slight angle to the north behind the Sellers rock house and coming alongside the present road about the cemetery, thence east on a new right-of-way south of the present road (and south of the gas main that prevented using the old route because of insufficient width) to the Amerson place, then along the present route to the Y south of Stamford.

### 200 New Volumes Added to Memorial Library Recently

Mrs. W. O. Willbanks, librarian at the Hamlin Memorial Library, reports that around 200 new books have been contributed to the library since the last report was made in May. Among the books contributed are junior grade textbooks, fiction and teen-age stories.

The library is open each day from 2:00 until 5:00 in the afternoon, except on Friday when it is closed, and open on Saturday morning from 9:00 until 11:00 o'clock. The fees are \$1 per year per family.

You are urged to use the library for reading pleasure, declare officials of the Women's Forum, sponsoring organization, as well as for research and information. There are many volumes of good research material on the library shelves.

Following the bountiful rains and working of the course, the golf grounds of Lakeview Country Club southwest of Hamlin are in the best shape generally they have ever been, declares B. O. Bell, president of the club.

Golfers of the territory are taking advantage of the golf facilities these summer days. Non-members may play on the course upon paying of green fees, Bell points out.

### Crowds Attend Meet At Assembly of God

Good crowds have been attending the series of revival services that opened Sunday evening at the Hamlin Assembly of God, near the McCauley Y in South Hamlin, reports Mrs. W. G. Miller, pastor of the church.

Doing the preaching in the meeting are Rev. and Mrs. Don Young of Baytown. Special music also is being featured at the evening services, beginning at 8:00 p. m. Prayer services are being conducted at 9:30 a. m.

TEXAS COWBOY REUNION SPONSOR—Rebecca Ferguson, left, daughter of Mrs. Thomas Ferguson and Wyvonne Conner, right, daughter of Mr. and Mrs. Bryant Conner will be Hamlin's sponsors at the Texas Cowboy Reunion at Stamford July 2, 3, and 4. Rebecca will be sponsored by the Business & Professional Women's Club and Wyvonne will be sponsored by the Lions Club.

## Damage by Wind Not as Great as First Estimated

Wheat and oats continued to pour into Hamlin this week as the grain harvest hit its peak on the best crop in seven years.

Following initial harvest of the grain that turned out lighter than had been expected, the quality of the later grain has improved, declare buyers and growers. Some of the first wheat had graded No. 2 and weighed as low as 54 pounds, and oats turned out as light as 22 pounds per bushel; but considerable improvement in the fill-out of the grains has been recorded in recent days, it is said.

Most farmers are breathing sighs of relief as they get their last grain to the elevator, inasmuch as great anxiety for the safety of the crop had been felt for weeks due to the excessive rains, some hail and wind.

Damage by the wet weather, wind and hail has not been as great for the crop as a whole as many growers had expected. It is true that yields were trimmed considerably by the elements, but all in all the growers generally gladly took the much needed moisture as compensation for the reduced yields.

Where yields were estimated about the middle of May as looking like 25 to 30 bushels per acre for wheat, the overall yields in the Hamlin territory probably have averaged around 20 bushels.

Better results in the fight against the hordes of insects that came following the May and early June rains in the city of Hamlin are being reported by Bill Rountree, city superintendent.

Fogging equipment of the city has been kept pretty busy since the rains, and poison "pills" have been dropped intermittently in standing pools to water to control the wiggle-tails.

Rountree urges a continuing campaign by citizens of the community in controlling weeds and grass that have grown so rankly, harboring in the high vegetation growth, Rountree points out.

### More Curb and Gutter Work Slated in City

With drying up of the territory, renewed curb and gutter projects are due to be carried out by crews of the city of Hamlin, declares Bill Rountree, city superintendent.

The curb and gutter are being run on a minimum of one-block projects, with engineering for an overall drainage program in mind so that eventually the tied-in curb and gutter will provide correctly designed drainage and straight streets.

Hamlin resident interested in having their blocks curbed and guttered may secure the necessary forms for property owners to sign at the city hall, Rountree points out.

A dance at the Stamford National Guard Armory has been set for Tuesday, Wednesday and Thursday, July 2, 3, 4, according to an announcement made The Herald by W. G. Alberts.

Music will be furnished by Hoyle Nix and His Texas Playboys.

### Dance At Stamford Slated Next Week

Board of Trustees of the Hamlin Schools will employ a school nurse for the coming year at their next regular meeting July 8, according to a report made by C. F. Cook, superintendent.

Anyone in the Hamlin School District who desires to make application for this position should request an application form from the Superintendent's office and return the completed form before the above date.

Rev. H. C. Adair, pastor of the Faith Methodist Church, will be guest speaker at the regular meeting of the Baptist Brotherhood, Monday, July 1 at 8:00 p. m. at the First Baptist Church.

### Damage by Wind Not as Great as First Estimated

Wheat and oats continued to pour into Hamlin this week as the grain harvest hit its peak on the best crop in seven years.

Following initial harvest of the grain that turned out lighter than had been expected, the quality of the later grain has improved, declare buyers and growers. Some of the first wheat had graded No. 2 and weighed as low as 54 pounds, and oats turned out as light as 22 pounds per bushel; but considerable improvement in the fill-out of the grains has been recorded in recent days, it is said.

Most farmers are breathing sighs of relief as they get their last grain to the elevator, inasmuch as great anxiety for the safety of the crop had been felt for weeks due to the excessive rains, some hail and wind.

Damage by the wet weather, wind and hail has not been as great for the crop as a whole as many growers had expected. It is true that yields were trimmed considerably by the elements, but all in all the growers generally gladly took the much needed moisture as compensation for the reduced yields.

Where yields were estimated about the middle of May as looking like 25 to 30 bushels per acre for wheat, the overall yields in the Hamlin territory probably have averaged around 20 bushels.

### Better Results Seen in Fight on Mosquitoes

Better results in the fight against the hordes of insects that came following the May and early June rains in the city of Hamlin are being reported by Bill Rountree, city superintendent.

Fogging equipment of the city has been kept pretty busy since the rains, and poison "pills" have been dropped intermittently in standing pools to water to control the wiggle-tails.

Rountree urges a continuing campaign by citizens of the community in controlling weeds and grass that have grown so rankly, harboring in the high vegetation growth, Rountree points out.

### More Curb and Gutter Work Slated in City

With drying up of the territory, renewed curb and gutter projects are due to be carried out by crews of the city of Hamlin, declares Bill Rountree, city superintendent.

The curb and gutter are being run on a minimum of one-block projects, with engineering for an overall drainage program in mind so that eventually the tied-in curb and gutter will provide correctly designed drainage and straight streets.

Hamlin resident interested in having their blocks curbed and guttered may secure the necessary forms for property owners to sign at the city hall, Rountree points out.

A dance at the Stamford National Guard Armory has been set for Tuesday, Wednesday and Thursday, July 2, 3, 4, according to an announcement made The Herald by W. G. Alberts.

Rev. H. C. Adair, pastor of the Faith Methodist Church, will be guest speaker at the regular meeting of the Baptist Brotherhood, Monday, July 1 at 8:00 p. m. at the First Baptist Church.

### Who's New This Week

No new Hamlin citizens were born this past week at the Hamlin Memorial Hospital but Sweetwater had two new residents. One girl and one boy.

Mr. and Mrs. Buddy Hodges of Sweetwater are the parents of a son born last Monday and answers to the name David Wayne. He tipped the scales at eight pounds.

Mr. and Mrs. Houston Douglas Boen of Sweetwater are the parents of a daughter, Debra Kay, who arrived last Thursday. She weighed in at eight pounds and 12 ounces.

## YOUR TOWN DESERVES FIRST CONSIDERATION

Generally speaking, charity is a virtue which lays up some treasure for us, either here or hereafter.

But many charitable impulses earn small dividends, such as the urge to assist beautiful maidens or to help build bigger big cities somewhere else.

Let's consider the least profitable of these habits... letting the big cities charm us into giving to them and their people the growth and prosperity that our spending dollars create.

If they are in dire need, and we can get due credit for being charitable, let's help them. If not, let's keep the benefits our dollars pay for in the locality in which we live—and enjoy them ourselves.

Hamlin merchants have millions of dollars invested in stocks of goods, buildings and facilities to make this town a convenient market and shopping center for all of us who live in this area. This convenience is only one of the many advantages they offer us—at no extra cost—that the business firms in more distant towns and cities cannot give us.

Adding millions to the Hamlin area economy is easy—and requires no windfalls.

We yearn for new industries, new payrolls, bigger business volume in our trade area—that we may each benefit. We will work and wish unceasingly for these.

Yet we are likely to forget that an old dollar which stays here to circulate and re-circulate among us creates growth and prosperity just as effectively as a new dollar coming in.

While we are waiting and hoping for new financial blood in our community business veins shouldn't we guard what we already have against transference into other areas through too much buying in far-away cities?

Local merchants have access to the same world supply sources as the big city stores. They are more familiar with our needs and our preferences, and fit their stocks of goods, their services, their price ranges to better meet those needs and wants.

And, in addition, your home town merchant is a major addition to your community, as a payer of taxes that provide you with police and fire protection, schools, paved streets, park facilities and other community assets. So, just as a matter of fairness and reciprocity he deserves first consideration when you are ready to purchase your needs.

## Never Trust Other Driver

In these terse words, "Never trust the other driver!" a bulletin of the Texas Safety Association warned Texans to be on their driving guard against the unpredictable behavior of pedestrians and other drivers.

"It isn't enough to obey the law and mind your own business," the bulletin reads. "You have a moral responsibility to prevent an accident if you can—even if the other fellow is at fault."

A few of the other fellow's more common blunders were listed as being:

Failure to heed a stop sign or sneaking across on the yellow light.

Making a turn from the wrong traffic lane.

Failure to signal a turn or giving the wrong signal.

Stopping suddenly (of course, this won't bother you if you're not too close).

Trying to pass on a curve, hill or other no-passing zone.

Traffic weaving or double parking.

Drivers were also warned to watch for pedestrians who are foolish enough to jay-walk, get out of a vehicle on the street side, walk along the road at night and wearing dark clothing or for children playing near the street.

## College Graduates Vital

College graduates this year can expect good pay and an easy transition from campus to office, says a leading magazine. Smart undergraduates have already been tapped, and the not-so-smart ones won't have any serious worries.

Engineers lead the pack of the most-wanted man. Need for them is better than one-third higher than it was a year ago. Then, in order of demand for them, come salesmen, business trainees, accountants, chemists, production management experts, insurance men and financial trainees.

Although hundreds of recruitment officials have been beating the campuses looking for male help, they generally wait for the girls to come to them. Jobs where women are wanted include general business trainees, sales girls, secretaries, engineers, statisticians, chemists and merchandising experts.

The average starting pay for men is \$401, compared with \$383 per month a year ago. Engineers will get the most—\$433 a month. Accountants will average about \$389, salesmen \$385, general business trainees \$382. A master's degree is said to add about another \$100 a month to a neophyte engineer's pay, a Ph.D. an additional \$150 over that. Salaries for girls, job for job, are somewhat lower than for men.

## Companion

A man was moving with slouching feet; Midday, and the sun was riding high. But he saw no beauty in earth or sky. Beside him an unseen Spirit walked. And often and softly to him it talked:

"We've traveled together a long, long way, It said, "but I leave you, my friend, today."

I have followed you morning, noon and night, I have whispered warnings to guide you right, I have taken your hand, and urged you on To seize the chances that now are gone; I have coaxed and driven and pulled in vain, And thundered cautions again and again. To what avail! Ah, behold you now—The sunken eye and the lifeless brow.

I leave you, my friend, for there is no school For the man determined to be a fool!" "And who are you?" sneered the man with a grin. Said the Spirit, "The man that you might have been!"

## Editorial of the Week

PARTNER WITH THE SUN.

The sun has made his plans for 1957. Already he is heating up the southern edge of the mighty United States. Steadily the sun nudges northward to the irresistible miracle of a new season. The farmer's growing year gets underway.

A farmer cannot, like the sun, say how much he will advance each day. He knows that the year will include plenty of work and small certainty as to the amount of his pay.

The sun has never revealed all his secrets. Neither, we suspect, does many a farmer. Deep in his heart are rejoicings of which a farmer seldom speaks. He is touched by the innocence of animal babyhood. Something stirs within him as his pastures green up and his crops come through the soil. He glows more than he will admit at the marvels of his land.

After the fields and crop are planned, after the seeds and fertilizers and fuels have been engaged, he has other secret plans and hopes. This may or may not be the year of a good crop and good prices. Maybe, though, it can be the year when no quarrels may be heard in the house, when man and wife and children will laugh more together at home, and play on bits of vacation, when the family will grow closer in love. Come rain or shine, 1957 can be a year of gentle and gracious living and of farm-grown delight.

A farmer and his family are partners, and he is a partner with the sun.—Farm Journal.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 25, 1937:

Helpy-Selfy Grocery advertised the following prices: Tomatoes, five cents pound; coffee, fresh ground, two pounds, 25 cents; hamburger, 10 cents pound; and cigarettes, 15 cents package.

Eleven new rooms will be provided in the new addition to the Harden Hotel, which is well underway on South Central Avenue.

Last Thursday night a big fire consumed most of the business buildings at Sylvester. The Hamlin fire department responded to a call for help, but the blaze was too far gone to be quenched.

Viola Rountree of Hamlin and R. T. Spaulding of San Antonio were married last Thursday at Olney. The bride had been employed at Wichita Falls for the past two years, and is the daughter of Mr. and Mrs. J. D. Rountree of Hamlin. He is the son of Rev. and Mrs. Frank T. Spaulding of Hoodriver, Oregon.

Mrs. Joe Stinson was hostess for a meeting of the Stitch and Chatter Club Thursday afternoon. Attendees included Mmes. L. H. McBride, J. V. Harrell, Z. T. Wilson, Harold Bonner, R. B. Wier, Roy Garner, Turner Beard, Jack Miles, C. E. Snell and Miss Eleanor Temple.

### TEN YEARS AGO.

Reviewing the past, The Herald reproduces the following items of interest in the community 10 years ago, taken from the issue of The Herald dated June 27, 1947:

Construction is well underway on the new Hamlin Memorial Hospital and the new Banner Creamery plant in Hamlin.

Hamlin's square dance team, composed of Morris Books, Crick-et Fomby, Mr. and Mrs. Homer R. Raney, Mr. and Mrs. Joe League, Mr. and Mrs. Red Miers and Mr. and Mrs. Tom Vaughan, will participate in the district festival Saturday night at Sweetwater.

Mr. and Mrs. G. W. Tate and Mr. and Mrs. G. W. Tate Jr. of Lubbock and Mr. and Mrs. Walter Hicks and two children of Corpus Christi are here this week as guests of Mr. and Mrs. Clyde Angel.

Lupe Cave and Nazik Hassen were delegates from the Hamlin First Methodist Church to the summer assembly of Methodist Youth Fellowship at McMurry College in Abilene June 2 through June 6.

Lois Anderson, daughter of Mr. and Mrs. V. V. Anderson of Hamlin, became the bride of Maurice (Cy) Clayton, son of Mr. and Mrs. C. P. Clayton of Bryson in a ceremony read in the Little Chapel in the Woods at Denton Monday morning.

### FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, reproduced from the issue of The Hamlin Herald dated June 27, 1952:

Because of the continuing shortage of water in Hamlin due to the drought, water will be shipped into the city beginning next week from Rule and Rochester wells, it is announced by Mayor Mac Brundage. Restrictions and upped rates are expected to control the use of water considerably.

A new farm-to-market highway is being worked up between Hanna and Tuxedo, passing through the Plainview community. It is announced by County Judge Roger Q. Garrett.

Two business houses at Sylvester were entered Thursday night and about \$200 worth of merchandise taken, reports Sheriff R. L. Wilkins of Roby.

### ONE YEAR AGO.

As we recall other years in the Hamlin territory, we reprint the following items of interest taken from the issue of The Herald dated June 28, 1956:

Parking meters were removed from the streets of downtown Hamlin for a six-month trial period in emergency action taken last week-end by the City Council in response to petitions of business men and others, who contended the meters were hurting trade in the city.

Scores of former resident of the community are scheduled to attend the eighth annual Neinda homecoming Sunday, according to leaders of the community affair.

Patronage dividend checks totaling \$71,454.70 were distributed to officials of 38 member firms last Thursday at the annual business session of the Midwest Cooperative Oil Mill at Hamlin.

## Movement of Livestock to Markets Slowed by Farm Work, Prices Steady

The movement of livestock to market at Fort Worth, and all around the major marketing circle, was of only moderate proportions, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. He continues: All species were in smaller numbers than last week and well behind a year earlier.

Pre-occupation of farmers with field work was given as a major part of the credit for the moderate movement.

Despite a drop of four to seven cents per pound at major wholesale meat markets in the Eastern Seaboard and Midwestern areas over the week-end, hog prices were strong at all points and at Fort Worth the top was \$21, hitting a new high for the year. This was 25 cents above last week's close. Medium grade butchers sold from \$16.50 to \$20. Sows drew \$18 down.

Out-of-state demand for both stocker and slaughter cattle and calves enabled trade at Fort Worth to get away to a favorable opening session Monday. The prices were fully steady.

Good and choice fed steers and yearlings cashed at \$20 to \$23.50, while common and medium slaughter kinds sold from \$12 to \$19. Stocker steer yearlings sold from \$21.50 down, and feeder heifers sold from \$20 downward.

Good and choice stocker steer calves cashed at \$20 to \$24, and heifer calves ranged mostly from \$21 down. Good and choice slaughter calves cashed at \$19 to \$22 and cull, common and medium sorts sold from \$10 to \$19.

Fat cows sold from \$13 to \$15.50, and carners and cutters cashed at \$9 to \$13. Stocker cows drew \$10 to \$14. Bulls sold from \$11 to \$15.75.

Trade was active and prices were fully steady at Fort Worth Monday in the sheep yards. The run included relatively small numbers of choice grades, and a good many of the lambs showed excessive fills due to the high temperature.

Good and choice slaughter spring lambs sold from \$20 to \$21.50, and common and medium slaughter kinds sold from \$14 to \$19. Good grade feeder spring lambs sold from \$18 down.

Good and choice shorn slaughter lambs cashed at \$16 to \$18, and cull to medium shorn lambs sold from \$10 to \$15. Stocker shorn ewe lambs cashed at \$18.50 downward. Slaughter ewes sold from \$6 to \$7. Two-year-olds were reported from \$10 to \$15, and aged wethers sold from \$10 to \$13. Old bucks sold around \$5 to \$5.50.

A check of the prevailing prices at Fort Worth in June a year ago reveals sharp improvement on cattle and calves. Hogs are also selling far better than last year. However, lambs enjoyed a \$24 top last year at this time as compared with \$21.50 at Fort Worth Monday.

Shorn yearling lambs a year ago sold up to \$20 against an \$18 top this week.

Cattle and calves prices are far ahead of last year. Fed steers and yearlings at \$23 to \$24 this week compare with \$20 to \$21 heaves at this time a year ago. Slaughter cows ranged from \$7 on low canners to \$12.50 on best fat cows a year ago. A similar kind sells from \$8.50 to \$15.50 this week. Bulls topped at \$14 a year back against \$15.75 this week.

Stocker steer calves a year ago stopped at \$21.50 against \$24 this week. Heifer calves sold from \$16.50 down against \$21 Monday. Steer yearlings a year ago sold at \$18 down against \$21.50 Monday. Feeder heifers at \$15.25 a year ago compare to \$19 to \$20 Monday.

Hogs topped at \$16.50 to \$17 a year ago, and similar hogs drew \$20.75 at \$21 Monday. Sows at

## Oil Industry Paying One-Third of Tax Bill

One bona fide Texas "oilman" who never risks "going broke in the chance and complicated game of oil finding is the state. The petroleum industry picks up almost one-third of the state tax bill every year—well over \$228,000,000. This is over one-half of all taxes the state collects from industry.

Much of the money goes to build and improve Texas public schools which, over the years, have benefitted to the extent of some \$228,000,000 — \$31,000,000 in 1955 alone. From 1924 through 1955 the university fund received more than \$226,000,000 in payments for leases, bonuses and royalties.

## TAKES FOUR TO PLAY.

Four old cronies, sitting in the back of a general store, had just finished their last hand at poker when the sheriff surprised them. "I've got you now," he shouted. "What have you got to say for yourselves?"

"Don't look at me," said the first. "I just dropped in to warm up at the stove."

"I just came in to talk," said the second.

"And me, I'm just visiting," said the third.

Then the sheriff turned to the fourth man who all this while had been studying the cards in his hand. "And you, I suppose, are going to deny that you were playing cards, too?"

## Snacksters Delight With Peanut Butter In Drop Cookies

Cookie loving snacksters will like the double-barrel peanut butter flavor in these crisp cookies.

They're the simple "drop" kind of peanut butter cookies, too, which are easiest for busy mothers to make. The soft dough can be mixed at your convenience, then chilled until you are ready to bake them.

Cream one-half cup butter and three-quarters chunk style peanut butter together. Add one cup firmly packed brown sugar gradually, beating until fluffy. Add two eggs, one at a time, and beat well after each addition. Stir in two tablespoons milk and one teaspoon vanilla. Sift one teaspoon soda with one cup sifted all-purpose flour, then add to creamed mixture. Stir in three finely chopped peanut candy bars. Chill dough for several hours.

Drop by teaspoons onto lightly greased cookie sheets. Bake at 350 degrees for 10 to 12 minutes. Cool slightly before removing from cookie sheets. Makes four dozen.

# CLOSED Independence Day

More and more the freedoms that we in this liberty-loving country enjoy are cherished when we reflect the fact that so much of the world today is still in turmoil and confusion. What our forefathers fought for and brought down to us, we are determined to keep as our heritage. These freedoms have stood the tests of 180 years. They shall continue to be our only thought as we maintain zealous alertness against the threatening hordes that would destroy these principles.

Farmers & Merchants National Bank of Hamlin will be closed Thursday, July 4, in observance of Independence Day. We ask that you please arrange your banking business with this in mind.

## Men Between 25 and 44: Be Unusually Careful in Driving on Fourth of July

If you are a man between 25 and 44 years old, and you drive a car, be extra careful in traffic over the Fourth of July week-end. Hamlin area motorists are advised.

The National Safety Council, which is conducting a nation-wide campaign to hold Fourth of July accidents to a minimum, says the typical holiday traffic victim is a male driver between 25 and 44 years old. He usually is the only one killed in the crash in which he is involved, either because he is alone or because the others were lucky enough to escape death.

The accident in which the typical holiday victim dies occurs be-

tween 6:00 p. m. and midnight—with the odds on 6:00 to 9:00 p. m.—on the night of the first full day of the holiday period.

The accident is most likely to occur on a rural highway or in an unincorporated area, and the chances are good that the victim has been drinking.

The typical victim is speeding when the accident occurs. It is caused by an out-of-control plunge off the road or a rending crash with another car.

A recent study by the council of holiday traffic accidents shows that the most dangerous period for the holiday traveler is while en route to his holiday destination, rather than the trip home.

Motor vehicle accidents lead the list of Fourth of July hazards, the council says. Drowning from swimming and fishing accidents is the second biggest risk. Other causes of death are fireworks and firearms, sunstroke and heat exhaustion, food poisoning and falls.

One hundred and fifty-eight national organizations have joined with the council in a united effort to curb these accidents. The Fourth of July safety campaign is designed to increase public awareness of the extra holiday hazards and the extra caution needed to overcome them. It also seeks to help officials, traffic officers and safety leaders in their efforts to hold down the death toll.

Mr. and Mrs. Lefler Bruner of Columbus, Georgia; Mrs. Fred Mayfield of Longbeach, California; and Mrs. W. G. Fielder of Alpine are visiting their mother, Mrs. Mattie Bruner, for a few days.

**WATCHES HUSBAND DROWN**—Friends and relatives restrain 18-year-old Mrs. Alice Swanson after her husband, Harvey, 32, was drowned 75 yards off shore in Mountain Creek Lake near Dallas, when he fell from a boat towing his brother on water skis. Rescue workers pulled his body from the lake 45 minutes after the mishap but attempts to revive him failed.

## Annie Laurie Woods Becomes Bride of Billy Max Henderson in Sunday Rites

Annie Laurie Woods and Billy Max Henderson, both of McCaulley, were married at the home of the bride's parents, Mr. and Mrs. J. W. Woods, Sunday evening.

The double ring wedding vows were read by Rev. Gene Y. Brock at 3:00 p. m. Sunday, as the wedding party stood before the fireplace flanked by an arch of greenery placed by white potted flowers.

Mr. and Mrs. G. C. Henderson are parents of the bridegroom. James William Woods, brother of the bride and Barbara Ann Henderson, sister of the bridegroom, both of McCaulley, attended the couple.

The bride, given in marriage

## Friendship HD Club In Friday Meeting

Friendship Home Demonstration Club met at the Oil Mill Guest House last Friday for its regular meeting.

Mrs. B. V. Newberry, county agent, gave the program on "Living Rooms".

Those attending included the following: Mrs. E. S. Young, Richard Young, M. S. Johnson, B. H. Gardner, S. E. Branscum, Sean Witt and one visitor.

Next meeting will be held Friday at 3:00 p. m.

## "New Tablet Relieves Painful Monthly Cramps—Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y., Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin!

Relief for 3 out of 4 Tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress.

Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also Liquid Lydia Pinkham's Vegetable Compound.)

by her father, wore a white embroidered organdy dress styled with fitted bodice, peter pan collar, a full skirt of plain organdy made ballerina length. A shoulder length veil was scattered with pearls and she carried white roses tied with satin love knots on a white Bible. Jewelry was a strand of pearls, a gift from the groom.

Barbar Ann, sister of the bride, wore a light blue embroidered cotton satin dress and carried white daisies.

A reception following the ceremony was held in the home and Mrs. L. C. Lofland, C. M. Woods, Melvin Henderson, Jack Gallo-way and Miss Barbara Ann Connolly, assisted in the houseparty.

The bride's table was laid with a white cutwork cloth over blue and centerpiece was pink roses.

For traveling on the wedding trip to Carlsbad, New Mexico, the bride chose a beige linen sheath and jacket with beige accessories.

The couple will make their home at 136 Southwest First Street in Hamlin.

## Lynn Brannon Back From CF Girl Camp

Lynn Brannon, daughter of Mr. and Mrs. Wilson Brannon of 501 Northwest Avenue 1, has returned from a week of camping at Camp Letoli.

Camp Letoli is located five and one-half miles north of St. Jo and is sponsored by the North Central Texas Area Council Camp Fire Girls, Inc.

Lynn is in the second grade Blue Bird unit. Their camp was known as "Blue Bird Valley".

She received certificates for swimming and riding, and engaged in crafts, music, dramatics, story telling, hikes and cook-outs.

During the past year Lynn has been member of the "Sunshiners" Blue Bird group of Hamlin under the leadership of Mrs. Richard Young, Mrs. Jack Miller and Mrs. Wilson Brannon.

Mr. and Mrs. Brannon visited their daughter the last day of camp and viewed the horse show and water show presented by the group of girls.

The first five and 10-cent store was founded in Utica, New York, in 1879.

MAKING HER HOME IN HAMLIN following a brief wedding trip is Mrs. Milton Carter (above) who was before her recent marriage Katherine Donham, daughter of Mr. and Mrs. Dewey D. Donham. Young Carter is the son of Mr. and Mrs. Glenn Carter.

## Punch for Teen-Age Party Is Easily Made with Simple Grape-Ade Base

Teenagers and pre-teenagers seldom need an occasion to stage a party, but when a ready-made theme is found on which to hang a jamboree, then a party becomes that much more festive.

A graduation party, for example, delayed until the park or other location is warm and sunny, is a wonderful excuse to hold a gathering for the clan. And school colors are most effective for this

important occasion. While the outdoors will provide plenty of space for impromptu games, the food can carry out the color scheme to some degree.

Besides having the youngsters' specialties of hamburgers and hot dogs, you might serve tiny cakes decorated saucily. Ice cream in different flavors is a possibility if you have an ice chest in which to transport it.

Punch is one way to bring both color and flavor into the party the easy way. There are many ready prepared fruit drinks obtainable today, so that you can make virtually any beverage the matriculating crowd wants.

If purple and gold are the school colors, and this deep-toned punch made with tangy grape-ade would be just the thing. Small scoops of pineapple or lemon sherbet floating on top the punch will lend contrast in color.

**Grape-Ade Punch.** Combine one quart grape ade, one-fourth cup sugar and one-half cup grapefruit juice. Place this in the thermos and carry to outdoor eating site, along with two quarts of ginger ale. Just before serving, pour fruit juices into a large pan. Add ginger ale and mix well. Float scoops of sherbet on top.

**OTHER TIME GAUGE.** A father was teaching his small daughter to tell time.

"These are the hours, these are the minutes and these are the seconds," he said, pointing them out on the dial.

The small girl looked puzzled. "Where are the 'jiffies'?"

French is the official diplomatic language of the world.

## Faith Simpson Honored with Gift Tea In George Malouf Home Friday Eve

A gift tea was given in the home of Mrs. George Malouf last Friday honoring Faith Simpson, who will wed Charles Absher early in July.

Miss Simpson wore a street length sheath dress of white shantung taffeta, accented on the front of the bodice with a cluster of rhinestones. A fly-away panel gave back interest to the troussseau frock.

Mrs. Malouf greeted guests and introduced the honoree; her mother, Mrs. Joe A. Simpson; and Carol Joe Simpson, who will be her sister's maid of honor.

Guests were invited into the dining room by Mrs. Clyde Grice. Refreshments were served by Miss Ann Holt, assisted by Mrs. Parker Kelley, Mrs. Marvin Carlton and Mrs. S. T. Constantine of Midland.

The table, laid with a white linen cut work cloth, over blue, featured a large arrangement of white daisies, blue tapers in crystal candle holders, and blue satin bow and streamers, revealing the names of the bridal couple and their wedding date. The blue and white motif was repeated on the buffet where there was another arrangement of daisies and blue tapers burned in tall silver candelabra, before a large gold framed mirror.

Piano music was presented by Marisue Daniel and Bunny Patterson.

The gift rooms were decorated with gardenias, magnolia blossoms, and other summer flowers. Mrs. LaFoy Patterson, Mrs. L. B. Baker, Mrs. Lula Mae Craw-

## Eastern Star Group Installs New Officers Last Thursday Night

Mr. and Mrs. Roy Wilson were installed at Worthy Matron and Worthy Patron at an open installation of officers of the Hamlin Chapter No. 460 Order of the Eastern Star last Thursday at the Masonic Hall.

Other officers installed included the following: Mrs. Paul Cain of Sweetwater, Deputy Grand Matron, District II, Section 7, Grand Chapter of Texas; Mrs. Paul Goodgame, Past Matron of Hamlin Chapter No. 460 Marshal; Mrs. Dick Maberry, Past Matron Chapter No. 460, Organist;

Mrs. A. A. Watson, Abilene Chapter No. 30 Chaplain; Mrs. Roy H. McCurdy, Past Matron, Chapter No. 460 Secretary; Mr. and Mrs. Clarence Hyer, Associate Matron and Associate Patron; Ira Clements, Secretary; Mrs. Lydia Hudson, Treasurer; Mrs. Don Lock, Conductress; Mrs. Herchell Phillips, Assistant Conductress; Mrs. Joe League, Chaplain; Mrs. Floyd Briscoe, Marshall; Mrs. Charlie Abbott, Organist; Mrs. Evelyn Brigham, Ada; Mrs. Gladys Mitler, Ruth; Mrs. Lennie Cochran, Esther; Mrs. Inez Ferguson, Martha; Mrs. Jack Vaughn, Electra; Mrs. Kelly Scott, Warder; Don Lock, Sentinel.

A reception followed the installation in the dining hall and around 150 members and guests were served.

## Hot Cheese Biscuits Make Tasty Treats

Have some biscuits left from dinner? Try this suggestion offered by home economists:

Split cold biscuits and sprinkle bottom rounds generously with shredded cheddar cheese. Cover with biscuit tops and reheat in moderate oven until cheese melts. Delicious for salad or soup lunches.

## A HORRID STORY.

Two lions escaped from the zoo in Washington, D. C., and didn't meet again for three months. One was fat, the other nothing but skin and bones.

When they finally met, the skinny one said, "I've never seen you looking better. How in the world do you manage to be so well fed?"

The fat lion replied, "I've been hiding in the pentagon, eating a colonel a day. So far, nobody's noticed it."

The Herald has carbon paper.

## Naomi SS Class Hold Friday Morn Social

Naomi Sunday School Class of the First Baptist Church held their social last Friday morning at 8:30 in the home of Eve Eade.

Clara O'Neal gave the devotional and opening prayer was by Winnie Abbott.

A birthday party for Vince Walton, teacher of the class, was held and a gift was presented from the class.

Refreshments of open face sand wiches, doughnuts and coffee were served. Hostesses were: Ruby Perryman, Macie Pemberton and Lelia Lain.

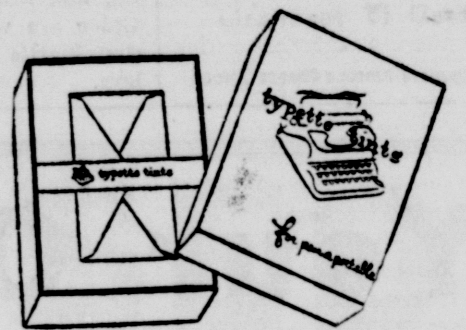

Those attending included: Winnie Abbott, Clara O'Neal, Ola Waymire, Ruby Brown, Billie Goodmn, Lillian Greer, Lulama Crawford and the honoree, Vince Walton.

Chicago was once called the Fort Dearborn.

# Sir—I'll Buy That!

Yes, sir, Mr. President! As the Electric Servant, my average hourly residential wage has been going down steadily, right along!

Let's look at the record of my hourly wage in homes across West Texas:

In 1937 (20 years ago) it averaged . . . 4 1/2¢ an hour

In 1947 (10 years ago) it averaged . . . 4¢ an hour

In 1952 (When you became President) it averaged 3 3/4¢ an hour

In 1957 (Today) it averages ONLY . . . 3 1/4¢ an hour

Can anything else that you know of match that matchless record?

# State Capital NEWS

By Vern Sanford, Manager,  
Texas Press Association.

It's vacation time in Texas. During the next three months millions of people will stream to every corner of the state in search of relaxation.

But a lot of home folks will stay home. They make a living catering to the tourists. Vacationing is big business in Texas. And it promises to get bigger.

Last year nearly 8,500,000 out-of-staters visited Texas—only 12 per cent on business. They spent \$350,000,000 for food, lodging, gasoline and entertainment.

Next year's voters will decide whether to try to hustle in even more visitors and money through nation-wide advertising. A proposed constitutional amendment to remove the ban on spending state funds for advertising was passed by the last Legislature. It will come to a vote at the November, 1958, general election.

Meanwhile, several state agencies and a host of municipal and private organizations give out information on how to have fun in Texas.

State Highway Department has just issued a brand new map telling how to find your way over the state's 100,000 miles of roads. It includes 20 full color pictures and a warm welcome to the "land of hospitality." Available free from the department.

State Parks Board, housekeeper for 49 state parks, plans many new camping, swimming and picnicking facilities. It got a "generous appropriation" from the Legislature, said the board.

Texas Game and Fish Commission has help and advice for the one in every four Texans who hunts or fishes. Its numerous publications give guidance ranging from where the fish are biting to what to do for snake bite.

**Year's Water Supply.**—Without another drop of rain, Texas' 35 major reservoirs now have enough water stored to last a year.

Heavy spring rains have poured

5,000,000 acre feet of water into the reservoirs filling them to 92 per cent capacity, reports the State Board of Water Engineers.

Storage is about twice that of a year ago.

**Flood Survey Sought.**—But the unprecedented rains brought on problems. State Water Board wants money to make an emergency survey of what the floods did with a view to learning how to prevent future destruction.

Both the board and Governor Price Daniel requested an appropriation for this from the last Legislature. But it didn't go through, so now the board has asked donations from the state's five water districts and river authorities.

It wants several thousand dollars from each totaling \$17,000.

**New Insurance Commission.**—A district judge, a federal justice department attorney and a former commission member will take over reins of the reorganized Board of Insurance July 1.

As chairman for the new board Governor Price Daniel appointed District Judge Penn J. Jackson of Cleburne. Serving on the bench since 1944, Judge Jackson is former president of the State Bar of Texas judicial section.

Other new member will be David B. Irons of Fort Worth, former assistant attorney general under Daniel, now with the Department of Justice in Washington. Joe P. Gibbs of Seguin, retired board member who returned last spring at the governor's request, fills out the new board.

An acting commissioner of insurance is to be named by the board to serve until September 1 when legislation for a permanent commissioner takes effect. He will receive \$20,000 a year, and be charged with administration of the department.

**Goodbye to Chips.**—Texas gambling has got to go, says Attorney General Will Wilson. An all-out effort to shut down the multi-million-dollar empire in Galveston was called just the beginning.

Wilson and Department of Public Safety Director Homer Garrison Jr. cooperated in planning a massive raid on Galveston's illegal establishments. But the gamblers got word, closed up and cleared out ahead of the raid.

Wilson's staff followed up by filing padlock suits—boxes full of

## KERRY DRAKE

them—to try to prevent the places from re-opening.

Wilson and Garrison said they would follow the same pattern in other areas. First, local officials will be called on to suppress gambling and state cooperation offered. But, said Wilson, "if local officials fail to do this job, we will do it from the state level."

Governor Daniel gave his full backing to the crackdown, hailed it as the "beginning of a new era in law enforcement."

**More Science for Teens.**—More study, with emphasis on science, will be required of future high school graduates.

New standards set up by the State Board of Education direct

that:

1. Graduates complete 16 units of study, rather than present 15, including two years of laboratory science.

2. Physical education cannot be counted in compiling the units.

3. Not more than one class period of the day may be used for competitive athletics.

New rules will take effect during the 1958-59 school year, but are to be applied to ninth graders next fall.

**Short Shorts.**—No one person has a right to all the water in the river, ruled the Third Court of Civil Appeals. Its decision favored the Great American Development Company which sued a

Comal County land owner, Clayton N. Smith, after his irrigation pump dried up Rebecca Creek.

Governor Price Daniel has asked the Army Corps of Engineers to remove silt and sand blocking the mouth of the Brazos River where it enters the gulf. Recent floods have shown the need for an adequate discharge channel, he said. State Supreme Court upheld an order of the Industrial Accident Board preventing two Waco attorneys from practicing before it. While the board does not have authority to disbar attorneys, ruled the court, it does have a right to require ethical practice from those appearing before it. At the end of the first five months of 1957

Texas farm products were commanding the highest prices since February, 1955. Prices of hogs, beef, lamb, chickens, eggs and wool were up substantially over the previous months. Overall increase was one and one-half per cent. Number of polio cases in Texas has hit a 10-year low, reports the State Health Department. Up to mid-June the state had had 142 paralytic cases, 82 non-paralytic. Five months total for 1957 was 172 cases, compared to 375 in 1954; 548 in 1952; and 505 in 1950.

## TELEPHONE TALK

### SHE'LL GET YOUR NUMBER

Is your personal list of out-of-town telephone numbers complete and up-to-date?

If it isn't, we'll be glad to get any new numbers you need—free of charge, too. Just call Long Distance and ask the operator for the numbers you want.

As always, you'll find Long Distance service is much faster and more convenient when you keep a list and call by number.

Long Distance is a real bargain, too. You can call from Hamlin to Fort Worth for only 70¢ (station-to-station after 6:00 p. m. and all day Sunday).

### I LIKE MY PHONE BECAUSE

If you were asked to name the one "main" reason why you like having a telephone, what would it be?

Time-saver, maybe? Housewives, especially, get so much more done during the day by using their telephone as an errand boy.

Business aid? The phone is an essential tool for most business and professional people.

Companion? Folks who have to stay close to home because of illness or family responsibilities find the telephone a reliable friend. Frequently, it's their number one means of keeping up with friends they don't often get to see.

Others find it reassuring just to have a telephone close by, knowing they can use it to call for help in an emergency.

But most of us, I imagine, like having a telephone simply because it's an easy, pleasant way to visit the people we enjoy and want to talk to.

Telephone service means a lot of different things to a lot of different people. For whatever reasons you like having a phone, you can be sure we're always searching for new and better ways to make it even more useful, convenient and economical.

### NOT OUT TILL YOU COUNT TEN

Remember this old saying? "Don't lose your temper. Count to 10." Still pretty good advice, I guess.

And 10 can be a magic number for saving your telephone temper, too.

When you make a call and don't get a quick answer, a good rule of thumb is to wait at least 10 rings before you assume no one's there.

Especially during the summer—when people are out in the yard so often—it's a good idea to allow them some extra time to reach the phone.

Call by number. It's twice as fast.

SAFeway's your BEST place to save!

## TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—When Rear Admiral Burton Davis, 56, shows up at a naval installation on an inspection trip there is a shudder, stem to stern. Things buzz, and there usually is a hasty trimming of sails, moneywise.

A native of San Antonio, the Annapolis graduate, class of 1923, is known on more than one of the seven seas for his salty language. When he speaks there's no doubt as to his meaning.

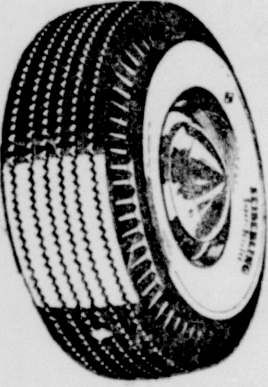

Seated restlessly at his Pentagon office and looking like he would feel more at ease on the bridge of a battleship, he outlines some of his duties as director of the Navy's "On Sight Survey Board."

As one of the Pentagon spokesmen described them, the inspection board members are "efficiency experts" who are out to see where a dollar can be saved. And, with no curtailment in defense strength.

Apparently gratified that his post at least lets him get away from his desk occasionally, Davis steered a somewhat evasive course when asked for a specific example of his duties. But, conceding it has to do with effecting economies in these budget-conscious days, he cited a recent visit to a naval base in the Caribbean.

"We looked around and then said two words that saved some \$10,000,000," he said. "They were 'Stop it!'"

## Dee Prewit to Play Greenbelt All-Star Game at Childress

All-District guard, Dee Prewit, son of Mr. and Mrs. L. E. Prewit of Hamlin, has been selected to play in the 8th Annual Greenbelt All-Star game to be played at Childress August 16.

Dee was also All-District in 1955, and was All-Abilene Area in 1956. He plays both offensive and defensive.

Highly recommended by Coach Truman Nix, he was selected from over 100 graduating seniors, representing 49 schools in Texas and Oklahoma, nominated by their coaches. He will be coached by H. A. (Sandy) Sanford of Tarleton State College, Stephenville during the game. Sanford will coach the 24 star players for the West Team.

Dee will report to Childress August 11 to begin a week of conditioning and practice before the big Friday night event. In addition to game practice he will participate in the election of the Greenbelt Bowl Queen and will be a guest of the city during the week.

## Savings Bond Total Reported by County Chairman Humphrey

A. C. Humphrey of Stamford, Chairman of the Jones County Savings Bonds Committee, reports that Savings Bonds sales in the county were \$41,835 during the month of May. Sales during the first five months of 1957 were \$176,122 or 29.3% of our year goal.

Sales in Texas were \$13,840,433 during May which was an increase of \$260,000 over the month of April. The State of Texas has now reached 37.6% of its 1957 goal.

"I feel that if every citizen of Jones County will buy an extra during the remainder of 1957 our county will reach its goal. There is no safer investment than U. S. Savings Bonds since both the principal and interest are fully guaranteed by our government. Savings Bonds now earn 3 1/4% interest compounded semi-annually when held to maturity, and they now mature in eight years and eleven months," stated Joe Smith, District No. 16 Chairman.

**CANDLEPOWER.** "How old is Grandpa Higginbotham?" "I don't know, but when the cake was brought in at his last birthday party the room grew so hot they had to open all the windows."

The Island of Corfu is on the Adriatic coast of Greece.

FIRST WITNESS IN WASHBURN TRIAL—Hilton Buster, right, former San Angelo used car salesman and witness to the auto bombing of Mrs. Helen Harris Weaver, takes the witness stand as the first witness of the new Harry Washburn trial in Dallas. Defense attorney Charles Tessmer, left, is cross-examining Buster. Center is Judge J. Frank Wilson in whose court the case is being tried. Buster is the State's witness.

## \$1,500 in Cash Prizes Posted for Winners in Fisher County Rodeo

Some \$1,500 in cash prizes will be posted in the twelfth annual Fisher County Rodeo, which is scheduled in connection with the annual Fisher County Fair at Roby on Thursday, Friday and Saturday, August 22, 23 and 24, it is announced by Glen Webb, Roby rancher, who has been re-named director of the rodeo events.

Goat Mayo of Petrolia will furnish the rodeo stock, Webb declares.

Events for this year's show will include bareback bronc riding, ribbon roping, calf roping, saddle bronc riding, girls' barrel race and wild bull riding.

An added feature of the annual fair and rodeo will be a registered quarter horse show, in which 14 trophies will be awarded. Clown

## AS3c Donald Johnson Participates in Test

Army Specialist Third Class Donald A. Johnson, son of Mr. and Mrs. Manny S. Johnson of south of town, recently was a

participant in an Army training test with the 95th Engineer Battalion in Germany.

Specialist Johnson is an education advisor and instructor in the battalion's Company B. He entered the Army in October 1955 and arrived in Europe in April 1956.

The 24-year-old soldier is a graduate of Texas Tech, Lubbock and a member of Alpha Zeta and Alpha Chi fraternities.

## Hamlin Invaders Win Two Games June 19th

Hamlin's Invaders, colored baseball team, won two games at the recent Juneteenth celebration, according to a report made The Herald.

In the first game Grady Dixon, pitcher shut out the Abilene Cats by a score of 7 to 0. Roy Lee was catcher, Larry Marshall, first base; John Henry Chase, second base; J. C. Marshall, third base; "Speedy" Boden, short stop; David, center field; Boboby Ray, left field and Roy Wilson, right field.

Second game saw the Hamlin group with J. B. Haley as pitcher beat the Breckenridge Jim Dandy's by a close 3 to 2 score.

## Two Senior Fisher Co. 4-H Girls Attend State Round-Up at A. & M.

Two girls from the Senior 4-H Club of McCauley attended the State 4-H Round-Up at Texas A. & M. College last week.

They were: Frances Hill, daughter of Mr. and Mrs. Orvel Hill of the Golan community and Charlene Bowen, daughter of Mr. and Mrs. Bowen of McCauley. Frances, a junior, at McCauley High School, attended as one of the delegates from Fisher County. Charlene, a senior, gave a demonstration on the R.E.A. Cooperative. This was the first time in attendance for both girls.

## Roger Babson Sees Major Automobile Congestion Unless Radical Step Taken

Congestion of automobiles in the United States is becoming more and more acute, declares Roger W. Babson, famous economist and analyst who is a regular contributor to The Herald, as he discusses the situation. He asserts:

Of two things I am sure—radical steps must be taken to head off the increasing automobile congestion in cities or else the sale of automobiles will decline.

Either a hundred billion dollars must be expended for road improvements or else readers had better sell their General Motors stocks on the next good rise. Furthermore, I believe that instead of spending money on new turnpikes, it would be better to double the width of our ordinary two-lane roads, making four lanes with a barrier in the middle. However, this would increase the congestion in cities.

Of course, the first thing which all cities should do is to keep all trucks off streets during the day hours—with deliveries permitted only between 6:00 p. m. and 8:00 p. m. This should be done at once, in every city having a population of over 50,000. The next step would be to eliminate all parking on downtown streets. A start has been made on this; but the problem has not been tackled heroically. Parking meters are a step in the right direction, but they are not the ultimate solution.

Frankly, if I were a young man today, instead of going into the automobile business, I would purchase land for a good downtown parking lot and gradually would make a chain of parking lots. It seems as if garages for parking would be a good investment if properly located. I shall watch with interest the new mechanical "push button garages" and note how they "take." I understand that such an open air four-story garage costs about \$400,000. At any rate, my guess is that during the years ahead there may be more money in parking automobiles than in selling automobiles.

Wise are the city authorities who now spend money to buy up old buildings and install parking lots. In fact, such parking lots are a city's main hope, combined with proper advertising and service for downtown retail stores. In this connection I repeat a former forecast that all new retail stores will be larger, will be confined to one floor, and that the clerks will be on roller skates.

If parking on streets is eliminated, this will speed up traffic and should help the bus companies of each city. On the other hand, more traffic lights should be installed at crossroads. The speedier the traffic, the more traffic lights will be needed. The question is, how will the waits and congestion at these cross streets be eliminated? This now brings me back to Sir Isaac Newton's great basic law of action and reaction.

Automobiles will only continue to grow longer for a period, after which a reaction will set in and cars will be made shorter and shorter. Shorter cars, however, will not end the congestion at street crossings. In accordance with the law of action and reaction, when the sale of cars begins to decline, the sale of motor scooters, bicycles and roller skates will begin to increase. Now, let me give my final forecast on the solution of the traffic problem:

In most cities awnings are now permissible for retail stores. These provide protection to pedestrians against both rain and extreme sunshine. In most cities there are miles of these awnings over the sidewalks. My forecast is that these awnings will be replaced by thoroughways for the use of motor scooters, bicycles and perhaps foot passengers on roller skates. These thoroughways could be overhanging from the buildings just as the awnings now are; but they would be built by the city authorities, and a small toll charge could be made for their use. They would be no wider than the sidewalks and would be elevated over all streets. This would enable a cyclist to go from the city line into the heart of the city without stopping for crossroads or intersections.

These elevated "throughways"

## Value of Property Changes If Spouse Dies, Tax Man Says

You may not know it, but in Texas the value of your property changes for income tax purposes if either the husband or wife dies, according to a release from Tax Man Sam to The Herald.

This is best brought out by this example: John and Mary Doe bought the old homestead for \$1,000 in 1920. Before John's death they had a tax base for \$500 for John and \$500 cost for Mary. If either John or Mary had sold their half of the community property homestead, they

would have had to pay capital gains taxes on any amount above the \$500 cost. Suppose the old homestead was worth \$200,000 on the date of John's death, the children who inherit John's half of the old homestead have a tax base of \$100,000 instead of the \$500 that John had paid for the property.

A lot of people find it hard to believe (but it is still true) that Mary's half of the old homestead also increases, for income tax paying purposes, from \$500 to \$100,000 or whatever the fair market value of the property is on the date of John's death. This law pertaining to estates applies whether any federal estate tax is

## VERY EFFECTIVE.

A pastor has been telling the story of the two ministers who went to heaven and were detained at the pearly gates for a check-up he explained.

While the two ministers waited, a third man walked up and was admitted immediately. The church man wanted to know why.

"That's a tax collector," said St. Peter. "He's scared more hell out of people than both of you together."

due and paid or not. This law is worth many tax dollars to Texas widows because of the tremendous increase in property values in the past few years.

## MUSICAL NOTES.

First Gossip—"I hate to talk to Mrs. Smith because she always tells me about her ailments."

Second Gossip—"Yes, I know what you mean. You could almost call it an organ recital."

## DEFINITION.

Motorist: A person who, after seeing a wreck, drives carefully for three blocks.

## MORE IMPORTANT.

The nurse asked the little brother if he would like to see the new baby.

"Nope," said Johnny, "but I'd like to see the stork."

## WRONG APPROACH.

Golf Pro—"Now just go through the motions without driving the ball."

Beginner—"That's precisely the trouble I'm having to overcome."

# Trade in Hamlin

... your handy market and supply center

# Charity...non-profit type

Generally speaking, Charity is a virtue which lays up some treasure for us ... either here or hereafter.

But many charitable impulses earn small dividends ... such as the urge to assist beautiful maidens ... or to help Build Bigger Big Cities ... somewhere else.

Let's consider the least profitable of these habits ... letting the Big Cities charm us into giving to them and their people the growth and prosperity that our spending dollars create.

If they're in dire need, and we can get due credit for being charitable ... let's help them. If not ... let's keep the benefits our dollars pay for ... in the locality in which we live ... and enjoy them ourselves.

**It Pays  
to Buy Where  
You Live!**

Of all the business establishments in the world—only those in Hamlin are intensely interested in the future of Hamlin and in the future of YOU who live here ...

Local merchants have millions of dollars invested in stocks of goods, buildings and facilities to make this town a convenient market and shopping center for all of us who live in this area. This CONVENIENCE is only one of the many advantages they offer us ... at no extra cost ... that the business firms in more distant towns and cities cannot give us.

## Irrigation Meet Is Set For Fisher Farmers Next Tuesday Eve

An irrigation meeting is slated for Tuesday afternoon, 1:30 o'clock on the Cecil Edwards farm three and one-half miles northeast of Roby, according to James S. Norman, Fisher County Agent and Max Sturdivant, Associate Agent.

R. V. Thurmond, irrigation engineer with the Texas Extension Service will conduct the meeting. Thurmond is well known and is considered to be an outstanding engineer in the field of irrigation.

Doyle Hammack, area engineer with the Soil Conservation Service, will assist Thurmond with the meeting. Hammack will cover various phases of soil management and how it enters into the management of a successful irrigation farming program.

Purpose of the meeting is to discuss and study water supply, soils, methods of applying water, equipment and planning and designing a successful irrigation system.

Directions to the farm are: go one mile east of Roby on Highway 180, turn left (north) and follow the gravel road about three and one-half miles, cross the Clear Fork of Brazos and turn left. The farm is located along the river. This educational meeting is sponsored by the local Extension Service.

## Doyle Smith, English Teacher, Resigns Post

A letter of resignation from Doyle Smith, English and Speech teacher of the Hamlin High School, was received by C. F. Cook, superintendent, Wednesday morning.

Doyle gave finances as his reason of resignation from the local school and stated that he had enjoyed his stay in Hamlin.

## Five Hamlin Scouts Sign Up for Aquatic Camp at Sweetwater

Five members of Boy Scout Troop 43 of Hamlin have signed up for aquatic camp and school at Lake Sweetwater for area Boy Scouts starting Sunday, June 30, and ending July 6, according to Scoutmaster Weldon Johnson.

The boys are Bob Johnson, Jimmy Shivers, Ray Johnson, Jerry Smith and Jerry Duncan.

At this camp, swimming, life saving, rowing, sail boating, motor boating and canoeing will be taught.

There will be three sail boats, several row boats, motor boats and canoes available for the boys to use and receive instructions as to the proper and safe handling of each type of craft. Swimming and life saving merit badge work also will be taught.

## Highway Contract Is Awarded Olney Firm

\$194,380 was the low bid submitted at Austin last week for a modernization program on U. S. 83 from Hamlin to Anson.

Low bidder was A&A Construction Company of Olney.

## Bible Study Begun By Faith Methodists

A Bible Study was begun Wednesday at 7:30 p. m. at the Faith Methodist Church by Rev. H. C. Adair, pastor.

Followed by a fellowship hour the attendants ate homemade ice cream and cake. Everyone is invited to attend.

## Baptist Youths Set Three Camps at Lueders for Week

Three Baptist youth camps will be held at the Lueders Baptist Encampment this week, according to a report from Mrs. R. F. Mahood, publicity chairman, of Stamford.

Intermediate Girls' Auxiliary Camp was held beginning Monday thru today (Thursday) noon. Sunbeam Camp, for the youngest campers started today (Thursday) thru Friday noon and the Young Women's Association Camp will be held Friday noon through Saturday.

Intermediate Royal Ambassador Camp was held last week and closed Thursday noon.

Opening the season officially was Rally Day on Monday, designed as aouting of inspiration and recreation for the entire family.

Theme for the GA and YWA Camps will be "Look Unto Me." The Albany Intermediate Girls' Auxiliary will stage a pageant.

Mrs. George Graham of Abilene, district WMU president, will direct the Beauty Box Hour in personality development for the GA Camp. Mrs. Phillip McGahay of San Angelo, state WMU representative, will conduct the counselors clinic and devotionals. Rev. Mart Hardin, pastor at O'Brien, will be camp pastor. Missionaries will be Rev. and Mrs. Lonnie Doyle, missionaries to Brazil. Mrs. John Petry will have charge of the handicraft and John Petry, music and recreation.

Rev. and Mrs. Doyle will be missionaries to the Sunbeams and YWA groups. Mrs. Lenard Hartley of Sweetwater is district GA leader; Mrs. W. T. Teel, district Sunbeam leader, and Mrs. O. B. Woodrum, district YWA director.

Rev. Ed Laux, pastor of the Pioneer Drive Baptist Church of Abilene, will be camp pastor for the YWA group and will conduct the Friday night camp fire service and the 11 a. m. service Saturday. A hike and sunrise service will open Saturday's activities.

Complete safeguards will be taken at the camp and qualified lifeguards will serve at the new \$20,000 swimming pool. Rev. L. L. Trott, district missions secretary, and Rev. Henry Littleton, camp manager, said.

Mrs. C. C. Gallagher of Farmington, New Mexico and Mrs. W. C. Croft of Bakersfield, California are here by the bedside of their mother, Mrs. Ellerby, who is critically ill.

Mrs. A. A. Hackley was called to Amarillo for the funeral of F. L. Hackley, brother of the late A. A. Hackley, of Hamlin last Monday.

Go to The Herald for pen refills.

## Attendance Climbs at City Sunday Schools From Previous Week

A climb of 69 from the last week was recorded by Sunday School of the city Sunday from the 13 reporting churches. The 1168 total, however, was 39 less than the year ago figures.

Totals, by churches, for June 28, June 16 and a year ago follow:

Churches—	June 28	June 16	Year Ago
First Baptist .....	360	303	370
North Cen. Bap. ....	72	71	74
Ch. of Nazarene .....	85	71	82
Oak Gro. Cal. Bap. ....	47	40	33
Mexican Baptist .....	52	58	43
First Methodist .....	159	178	188
Foursquare Gospel .....	55	64	48
Sunset Baptist .....	63	44	53
Church of Christ .....	151	134	160
Calvary Baptist .....	47	52	51
Faith Methodist .....	42	41	43
Assembly of God .....	47	29	38
United Pentecostal .....	18	14	14
Totals .....	1168	1099	1207

## Rotarians and Wives Attend Haskell Club Charter Night Meet

Twelve Hamlin Rotarians attended the charter meeting of the new Haskell Rotary Club held at the new Elementary School.

Sidney Gaines, District Governor, delivered the Charter to Bob King, superintendent of Haskell Schools, as first president of the club.

Those attending from Hamlin included: Mr. and Mrs. Bowen Pope, Mr. and Mrs. Curtis Dodd, Mr. and Mrs. Gene Prewitt, incoming president; Mr. and Mrs. Manly S. Johnson, outgoing president; Mr. and Mrs. J. C. Turner and Mr. and Mrs. Tate May.

The banquet was served by the homemaking department and 130 guests and members of the new club attended. Towns represented included: Abilene, Graham, Grandbury, Fort Worth, Olney, Wichita Falls, Stamford, Rule, Rochester and Hamlin.

Rule and Rochester Clubs sponsored the new club and Davis Eadens was District Governor Representative and led in origination of the new club.

## Irrigation Meet for Jones Farmers Is Set For Next Wednesday

Irrigation will be the subject of a meeting to be held in Anson next Wednesday in the county court room at 9:30 a. m.

Bob Thurmond, Agricultural Engineer, with the Extension Service of Texas A. & M., will conduct the meeting.

Everyone interested in irrigation is invited to attend.

## New Pews Installed By Faith Methodists

New pews for the Faith Methodist Church of Hamlin, have just been installed, according to Rev. H. C. Adair, pastor.

The pews of blonde oak in modern design were installed by the Southwestern Church Furniture Co. of Terrell.

The church is air-conditioned and open at all hours for prayer and meditation and visitors are welcome, the pastor concluded.

## John Selmon Still Is Typical Cowboy At Stamford Show

John Selmon, rugged and venerable foreman of the SMS Flat Top Ranch, is one of the familiar sights at the Texas Cowboy Reunion in Stamford each year as he leads the grand entry into the arena when the band strikes up the music to signify the start of another exciting enactment of the thrilling cowboy events.

With hands calloused by many years of hard work and minus a thumb and little finger on one of them, John is still very much at home on a horse (which may account for the slim waistline revealed by his blue jeans and western shirts). He was selected the most typical cowboy under 55 years old the first time in 1932 and would easily be identified as such even now on the sidewalks of New York or the streets of Paris, despite the additional years.

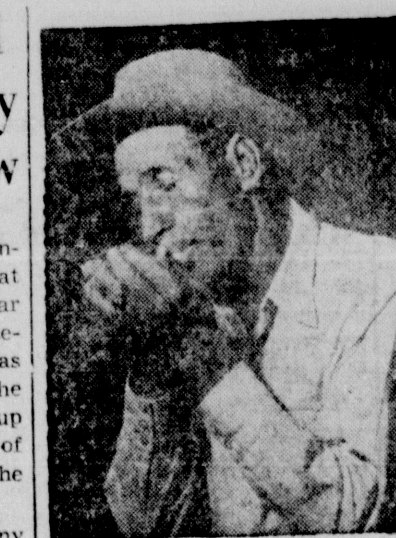

John and his boss, W. G. Swenson (called Willie my many who knew him when), general manager of the SMS ranches and president of the Texas Cowboy Reunion, are the only two persons who have been actively associated each year with the reunion since its origin in 1930. Both will be on hand July 2, 3 and 4 for this year's performance.

## Santa Fe Carloadings Drop From Year Ago

Santa Fe carloadings for the week ending June 15 were 25,420 as compared with 30,039 for the same week in 1956, according to a report made The Herald.

Cars received from connections totaled 11,598 as compared with 11,827 for the same week a year ago. Total cars moved were 37,028 as compared with 41,866 a year ago.

Santa Fe handled a total of 33,847 cars in the preceding week of this year.

OLD-TIMER with the Stamford Cowboy Reunion is John Selmon (above), long time foreman of the SMS Flat Top Ranch, is one of the familiar sights of the Texas Cowboy Reunion each year as he leads the grand entry into the arena.

## Six Jones County 4-H Go to Training Camp Held at Buffalo Gap

Six Jones County boys and girls, and the two agents went to the District III Leadership Training Camp at Buffalo Gap last Wednesday through Friday.

Those making the trip were: Nelda Putnam and Marverine Shuquist of Avoca, Loretta Herring of Anson, Bobby Whitworth of Avoca, Douglas Beauchamp and Mark Holloway of Anson.

There was work groups in Safety, Wild Life, Entomology, Plant Life, Recreation, Soil & Water Conservation and Family Life. Each boy and girl had a choice of two different groups. Attendants were permitted to participate in swimming if they had their parents approval.

The Boston Massacre occurred in 1770.

## Ray Walker Assigned To Co. Agent's Office

Ray Walker, 24, a native of Jacksboro has been assigned to Jones County Agriculture Agent's office as Junior Assistant Extension Agent beginning Monday according to a report made by Bill Lehmberg, county agent.

Walker is married to the former Truett Waldrop and is a 1954 graduate of Texas A. & M. College where he majored in Agricultural Education. In May, 1954 he entered the armed service and was stationed in the San Francisco Bay area in California.

He will complete his training at Anson and will be assigned to a county at a later date. He is making his home in Anson.

Napoleon of France crowned himself because he considered that no one was great enough to do it.

Our sad-faced friend is **OWN McGoo**,  
Who thought he'd bought a car brand-new!  
And while he got a "special deal"  
His disappointment he can't conceal!  
While others drive in Swept-Wing style  
Poor Bill just mutters curses vile:  
"They got new styling, features, too—  
"I bought a 'deal'—boo-hoo, boo-hoo!"

**Moral: Yesterday's looks and features are no bargain at any price!**

No car is a bargain if it's obsolete in styling and engineering features. And the Swept-Wing Dodge actually *obsoletes* other cars in its field with its low, low look of tomorrow and revolutionary advances like Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't get "bargain-talked" into yesterday's styling and features. The same money buys the car that's years ahead. See your Dodge dealer. Join the swing to the Swept-Wing Dodge.

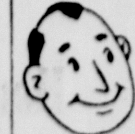

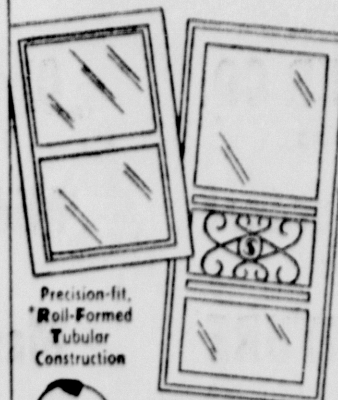

IT'S THE

# NEIGHBORLY

is the word for Humble Service

That's the way Humble customers describe Humble service.

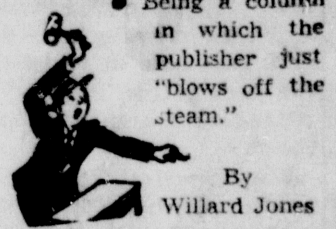

It's the kind of service that takes a neighborly interest in your car . . . that has a neighborly understanding of the way you want things done . . . that's based on neighborly courtesy and neighborly friendliness. It's service that Texans like and appreciate . . . that makes you feel at home the minute you stop on a Humble dealer's driveway. Stop for service under your neighbor's Humble sign.

**HUMBLE OIL & REFINING COMPANY**

Rest rooms under Humble signs are extra clean!

## Popvalve

By Willard Jones

**BOB RIDDELL**, auto parts man, declares he is having trouble finding enough time in a day's lapse to get in his wanted periods of golfing and fishing sandwiched in with a certain amount of work at his place of business that seems so necessary in order to provide a few beans and bread for his family.

With this situation in mind, it is reported Bob and a friend were discussing time and the speed of light. Bob's friend asked: "What do we know about the speed of light?" "It arrives too soon in the morning," Bob retorted.

**A HAMLIN SWAIN** avers that kissing a girl in a car can have its complications. He reports...

"Her lips quivered as they approached mine. My whole frame trembled as I looked into her eyes. Her body shook with intensity as our lips met, and my chin vibrated and my body shuddered as I held her, pulsating, close to me."

The moral: Never kiss 'em in a car with the engine running."

**ROY C. BROWN**, former county commissioner and farmer living southeast of Hamlin, declares, along with many others, that the weeds that have come out since the bountiful rains the previous eight or ten weeks are the rankest he has ever seen in all his days.

Sunflowers especially have almost taken fields, row ends and right-of-ways over the territory. "Why, weed seeds that probably have lain dormant for 10 or 15 years have come up during the past several weeks," he avers. "And on my place southeast of town I have a big batch of lamb's quarters that I have never seen in my field before. Guess those lamb's quarters seed were blown in during the past several years during sand storms from no telling how far—then the moisture sprouted the seed after they were kicked around over the territory."

**MONEY** is often the measure of a man. It helps to make him successful or may be his downfall...

If a man runs after money—  
He's money mad.  
If he keeps it—  
He's a capitalist.  
If he spends it—  
He's a playboy.  
If he doesn't get it—  
He's a ne'er-do-well.  
If he doesn't try to get it—  
He lacks ambition.  
If he gets it without working—  
He's a parasite.  
If he gets it after a life of hard labor—  
He's a fool who got nothing from life!

**BOB BARROW**, long time funeral director and furniture store operator, likewise was commenting on the vegetation growth of the section.

"Had you noticed the fine crops of wheat and oats along the high-ways of the Hamlin area? If a fellow could just get a combine to go along and pick out the volunteer grain from among the sunflowers and other weeds, he could harvest a nice crop, couldn't he?" Bob further told of stuff that is coming up volunteer at his home place. "I've got a good crop of tomatoes in my back yard that I never planted," he declared. He said he had transplanted a lot of the plants, and it looks like he will have tomatoes to spare, he admitted.

"Those tomatoes must have come up from seed scattered from scraps from the table during the past few years. At any rate, even if I didn't plant 'em, I'm going to enjoy 'em," he declares.

**A COLUMNIST** in an exchange coming to our desk recently used these pert paragraphs to spark his column:

One fellow has observed that since the children are out of school the mothers are out of luck.

The more dollars you can show your friends, the more sense they think you have.

Americans scrapped close to a million old autos last year, thereby saving an awful lot of lives.

Some of the kids who speed in go-tods don't know where they're going until a cop picks them up.

There's a place for everything except your knees under some of the restaurant tables.

## Marketing Quotas Again Approved by Wheat Growers

### Texas and Nation Favor Acreage And Price Plans

Farmers of Jones County and the rest of the nation voted to continue federal marketing quotas on next year's wheat crop.

The count for Jones County was 78 to 6. Hamlin voted nine for none against; Stamford, ten and one; Luekers nine and none; Nugent 11 and none; Noodle, seven and none; Anson, 14 to three; and Hodges, 18 to two. Hamlin had two challenge votes and Noodle had one bringing the total for the county to 87 votes cast. There were about 1,500 voters qualified.

Incomplete returns showed a favorable majority of 83.3 per cent for from 36 states—far in excess of the necessary two-thirds. It compared with a majority of 87.5 per cent given quotas a year ago. Totals in numbers ran 143,333 for and 28,833 against.

The department had said that if quotas were approved, it would support the 1958 crop at an average of \$1.78 a bushel, but would drop this to about \$1.19 if quotas were rejected.

With granaries carrying a full year's supply from the previous crops, growers thought market prices would drop to the lower support level if controls were abandoned.

In approving controls for the fifth consecutive year, farmers will limit sales to the amount grown on a 55 million acre allotment—the same as on the past four crops.

Texas backed the quotas 8,564 for and 1,020 against.

## Final Stages of Work on Addition to Hamlin Memorial Hospital Underway

Final stages of work is being done on the \$60,000 east wing addition to the Hamlin Memorial Hospital, according to J. C. Babb, director of work for Baco Construction Company of Abilene, general contractor for the project. The structure should be ready for occupancy about August 1, he said.

Despite rainy weather of much of the contract period, good progress has been made on the structure, which will add nearly one-third to the capacity of the hospital. The institution has been taxed several times during the past few years, and the expansion should not only give considerable relief of crowded conditions but provide new facilities for the hospital.

Main entrance to the completed \$200,000 plant heretofore will be from the east side, in the south portion of the new wing. More commodious reception and waiting rooms will be provided, as well as expanded and more convenient offices for Manager Louie Cunningham and his business staff. The present office is being converted into additional patient rooms.

Doctors' offices, laboratory and operating rooms likewise are being transferred into the new section. New modern equipment is being installed in this section.

Included in the project by the Baco firm is refinishing the old section into new patient rooms and expanding the kitchen and dining room facilities.

Mr. and Mrs. Loy Fry Jr. and daughters Margaret Ann and Martha Kay of Fort Worth visited this week-end with his father, Loy Fry.

**MINISTER OF YEAR**—Rev. Robert L. Wimpee of Crystal City (above) was named "Texas Rural Minister of the Year" by The Progressive Farmer magazine and Emory University of Atlanta, Georgia. The recognition is given for his outstanding work last year as pastor of Taylor's Valley Baptist Church in Bell County.

### Swimming Pool Still Is Proving Popular

Business continues to flourish at the Hamlin swimming pool at the City Park, reports B. V. Newberry, operator of the pool under lease agreement with the Hamlin Foundation, Inc.

Between 150 and 200 people, chiefly boys and girls, are taking advantage of the swimming facilities at the pool each day, Newberry says.

Swimming classes are being conducted for learners by Holms Adams. Special instruction can be arranged with Adams, Newberry says.

### Scores of Hamlin Area People Will Go to Roby Rodeo

Scores of Hamlin area people, youngsters and oldsters alike, are scheduled to attend the seventh annual Fisher County 4-H Club Rodeo, scheduled Friday and Saturday at Roby. A number of boys and girls of the section will be entries in the events, for which hundreds of dollars in prizes have been posted.

This is the second year the show has had American Junior Rodeo Association approval, which sets high standards for the events.

Following a parade Friday afternoon at 5:30 o'clock, the regular shows are scheduled to begin at 8:00 each evening Friday and Saturday at the rodeo grounds, located in Southwest Roby.

Goat Mayo of Petrolia will furnish stock for the rodeo events. Events for boys will include calf roping, ribbon roping, bull riding and bareback bronc riding. Events for the girls will include ribbon roping, poll vanding, barrel race and saddle race.

Special added attraction open to Fisher County club members, 12 years and under, will be a greased pig race, with the winner receiving the pig he catches.

J. L. Harris and his trained mule will be featured at each night's performance.

Admission will be \$1 for adults and 50 cents for children, proceeds from which will go into the 4-H Club fund that provides finances for club trips and other activities, according to James Norman, county agent and sponsor of the clubs in Fisher County.

### City Budget Hearing Set for Thursday Eve

Public hearing for the Budget of the fiscal year 1957-1958 for the City of Hamlin will be held today (Thursday), according to a notice in The Herald elsewhere. Time has been set from 7:30 to 8:30 p. m. at the City Hall.

**TAKES OATH**—Judge Penn J. Jackson, left, of Cleburne is sworn in as the Chairman of the new State Board of Insurance in Austin. At right Chief Justice of the State Supreme Court, J. B. McWhorter, administers the oath to Jackson. The ceremonies were held in the Governor's reception room.

### Tax Receipts for Schools and City Being Prepared

During the past several days The Herald has delivered to the two local taxing agencies, the Hamlin Consolidated Independent School District and the City of Hamlin, their tax receipts for 1957 taxes. The school district uses 2,700 receipts and the city 1,800.

The combination statements and receipts are being made out by workers in the two tax collecting offices, and statements should be put in the mails during September, according to Heshell W. Carter, assessor-collector for the school district, and Mrs. M. M. Barrow, assessor-collector for the city.

As usual, the taxing agencies are allowing discounts for early payment of 1957 taxes. During October a discount of three per cent will be allowed, during November two per cent, and during December one per cent. Net taxes are payable during January, and after January 31, 1957, penalty and interest will be charged on unpaid taxes.

Tax collections during the past several years have been good, including considerable delinquent taxes, declare the collectors.

### Cowgirl Sponsors to Stamford Reunion Named by Two Clubs

Two cowgirl participants for the annual Texas Cowboy Reunion rodeo events next month at Stamford have been named by sponsoring clubs. The events will take place July 2, 3 and 4.

Rebecca Ferguson, daughter of Mrs. Thomas Ferguson, will again be sponsored by the Hamlin Business and Professional Women's Club. She will ride her horse, Butch in the parades and the barrel races at the rodeo.

Wyvonne Conner, daughter of Mr. and Mrs. Bryant Conner, is being sponsored by the Hamlin Lions Club. She will ride her bay horse, Stockings.

### Baptist Educational Building Takes Shape

Foundation and flooring work on the 70x44-foot two-story educational building of the First Baptist Church were being completed over the week-end to make the new \$60,000 project take shape. Work now should show up fast as the big structure continues, declares a representative of Stone Construction Company of Colorado City, general contractor on the job.

The structure, being built as an addition to the southeast corner of the present church building, will provide additional assembly and classrooms for the Sunday School, says Rev. Calvin Bailey, pastor.

**Rev. H. C. Adair**, pastor of the Faith Methodist Church, will be guest speaker at the regular meeting of the Baptist Brotherhood, Monday, July 1 at 8:00 p. m. at the First Baptist Church.

# Best Wheat Crop in Eight Years Rolling

**TEXAS COWBOY REUNION SPONSORS**—Rebecca Ferguson, left, daughter of Mrs. Thomas Ferguson and Wyvonne Conner, right, daughter of Mr. and Mrs. Bryant Conner will be Hamlin's sponsors of the Texas Cowboy Reunion at Stamford July 2, 3 and 4. Rebecca will be sponsored by the Business & Professional Women's Club and Wyvonne will be sponsored by the Lions Club.

### Damage by Wind Not as Great as First Estimated

Wheat and oats continued to pour into Hamlin this week as the grain harvest hit its peak on the best crop in seven years.

Following initial harvest of the grain that turned out lighter than had been expected, the quality of the later grain has improved, declare buyers and growers. Some of the first wheat had graded No. 2 and weighed as low as 54 pounds, and oats turned out as light as 22 pounds per bushel; but considerable improvement in the fill-out of the grains has been recorded in recent days, it is said.

Most farmers are breathing sighs of relief as they get their last grain to the elevator, inasmuch as great anxiety for the safety of the crop had been felt for weeks due to the excessive rains, some hail and wind.

Damage by the wet weather, wind and hail has not been as great for the crop as a whole as many growers had expected. It is true that yields were trimmed considerably by the elements, but all in all the growers generally gladly took the much needed moisture as compensation for the reduced yields.

Where yields were estimated about the middle of May as looking like 25 to 30 bushels per acre for wheat, the overall yields in the Hamlin territory probably have averaged around 20 bushels.

## Part of Deeds on Highway 92 Signed

Several deeds for right-of-way for the relocated and widened Highway 92 from Hamlin to Tuxedo have been signed by property owners, reported County Judge H. G. (Pete) Andrews. Others are in the process of preparation and signing, he says.

The county agreed to furnish the right-of-way for the 20-mile stretch from Hamlin to Stamford, for which bonds of \$60,000 were voted in March by a road district comprised of about the north one-third of Jones County.

### 200 New Volumes Added to Memorial Library Recently

Mrs. W. O. Willbanks, librarian at the Hamlin Memorial Library, reports that around 200 new books have been contributed to the library since the last report was made in May. Among the books contributed are junior grade textbooks, fiction and teen-age stories.

The library is open each day from 2:00 until 5:00 in the afternoon, except on Friday when it is closed, and open on Saturday morning from 9:00 until 11:00 o'clock. The fees are \$1 per year per family.

You are urged to use the library for reading pleasure, declare officials of the Woman's Forum, sponsoring organization, as well as for research and information. There are many volumes of good research material on the library shelves.

### Lakeview Golf Links In Best Shape Ever

Following the bountiful rains and working of the course, the golf grounds of Lakeview Country Club southwest of Hamlin are in the best shape generally they have ever been, declares B. O. Bell, president of the club.

Golfers of the territory are taking advantage of the golf facilities these summer days. Non-members may play on the course upon paying of green fees, Bell points out.

### Crowds Attend Meet At Assembly of God

Good crowds have been attending the series of revival services that opened Sunday evening at the Hamlin Assembly of God, near the McCauley Y in South Hamlin, reports Mrs. W. G. Miller, pastor of the church.

Doing the preaching in the meeting are Rev. and Mrs. Don Young of Baytown. Special music also is being featured at the evening services, beginning at 8:00 p. m. Prayer services are being conducted at 9:30 a. m.

The Hamlin-Tuxedo section has already been mapped, and contracts are due to be let late this summer after right-of-way is secured. The Tuxedo-Stamford section will come later. Funds have already been allocated by the Texas Highway Commission for the project.

Route of the widened highway will be on the present stretch through the colored section, then in an slight angle to the north behind the Sellers rock house and coming alongside the present road about the cemetery, thence east on a new right-of-way south of the present road (and south of the gas main that prevented using the old route because of insufficient width) to the Amerson place, then along the present route to the Y south of Stamford.

### Capping Service Set Tuesday for Hospital Nurse Graduates

Capping Service of the graduating class of Vocational Nurses of the Hamlin Memorial Hospital will be held at the Methodist Church next Tuesday at 8:00 p. m.

Mrs. Elizabeth Kraft will be in charge of the service and refreshments will be served by the B.&P.W. Club following the service.

The public is cordially invited to attend.

### Dance At Stamford Slated Next Week

A dance at the Stamford National Guard Armory has been set for Tuesday, Wednesday and Thursday, July 2, 3, 4, according to an announcement made The Herald by W. G. Alberts.

Music will be furnished by H. O. Nix and His Texas Playboys.

### School Trustees Ask For Nurse Applicants

Board of Trustees of the Hamlin Schools will employ a school nurse for the coming year at their next regular meeting July 8, according to a report made by C. F. Cook, superintendent.

Anyone in the Hamlin School District who desires to make application for this position should request an application form from the Superintendent's office and return the completed form before the above date.

### Better Results Seen in Fight on Mosquitoes

Better results in the fight against the hordes of insects that came following the May and early June rains in the city of Hamlin are being reported by Bill Rountree, city superintendent.

Fogging equipment of the city has been kept pretty busy since the rains, and poison "pills" have been dropped intermittently in standing pools to water to control the wiggly-tails.

Rountree urges a continuing campaign by citizens of the community in controlling weeds and grass that have grown so rankly, harboring the high vegetation growth, Rountree points out.

### More Curb and Gutter Work Slated in City

With drying up of the territory, renewed curb and gutter projects are due to be carried out by crews of the city of Hamlin, declares Bill Rountree, city superintendent.

The curb and gutter are being run on a minimum of one-block projects, with engineering in mind so that eventually the tied-in curb and gutter will provide correctly designed drainage and straight streets.

Hamlin resident interested in having their blocks curbed and guttered may secure the necessary forms for property owners to sign at the city hall, Rountree points out.

### Who's New This Week

No new Hamlin citizens were born this past week at the Hamlin Memorial Hospital but Sweetwater had two new residents. One girl and one boy.

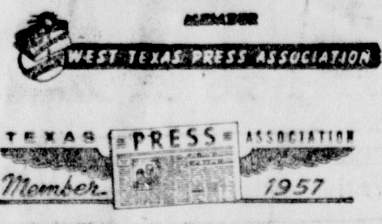

Mr. and Mrs. Buddy Hodges of Sweetwater are the parents of a son born last Monday and answers to the name David Wayne. He tipped the scales at eight pounds.

Mr. and Mrs. Houston Douglas Boen of Sweetwater are the parents of a daughter, Debra Kay, who arrived last Thursday. She weighed in at eight pounds and 12 ounces.

## YOUR TOWN DESERVES FIRST CONSIDERATION

Generally speaking, charity is a virtue which lays up some treasure for us, either here or hereafter.

But many charitable impulses earn small dividends, such as the urge to assist beautiful maidens or to help build bigger big cities somewhere else.

Let's consider the least profitable of these habits... letting the big cities charm us into giving to them and their people the growth and prosperity that our spending dollars create.

If they are in dire need, and we can get due credit for being charitable, let's help them. If not, let's keep the benefits our dollars pay for in the locality in which we live—and enjoy them ourselves.

Hamlin merchants have millions of dollars invested in stocks of goods, buildings and facilities to make this town a convenient market and shopping center for all of us who live in this area. This convenience is only one of the many advantages they offer us—at no extra cost—that the business firms in more distant towns and cities cannot give us.

Adding millions to the Hamlin area economy is easy—and requires no windfalls.

We yearn for new industries, new payrolls, bigger business volume in our trade area—that we may each benefit. We will work and wish unceasingly for these.

Yet we are likely to forget that an old dollar which stays here to circulate and re-circulate among us creates growth and prosperity just as effectively as a new dollar coming in!

While we are waiting and hoping for new financial blood in our community business veins shouldn't we guard what we already have against transference into other areas through too much buying in far-away cities?

Local merchants have access to the same world supply sources as the big city stores. They are more familiar with our needs and our preferences, and fit their stocks of goods, their services, their price ranges to better meet those needs and wants.

And, in addition, your home town merchant is a major addition to your community, as a payer of taxes that provide you with police and fire protection, schools, paved streets, park facilities and other community assets. So, just as a matter of fairness and reciprocity he deserves first consideration when you are ready to purchase your needs.

## Never Trust Other Driver

In these terse words, "Never trust the other driver!" a bulletin of the Texas Safety Association warned Texans to be on their driving guard against the unpredictable behavior of pedestrians and other drivers.

"It isn't enough to obey the law and mind your own business," the bulletin reads. "You have a moral responsibility to prevent an accident if you can—even if the other fellow is at fault."

A few of the other fellows more common blunders were listed as being:

Failure to heed a stop sign or sneaking across on the yellow light.

Making a turn from the wrong traffic lane.

Failure to signal a turn or giving the wrong signal.

Stopping suddenly (of course, this won't bother you if you're not too close).

Trying to pass on a curve, hill or other no-passing zone.

Traffic weaving or double parking.

Drivers were also warned to watch for pedestrians who are foolish enough to jay-walk, get out of a vehicle on the street side, walk along the road at night and wearing dark clothing or for children playing near the street.

## College Graduates Vital

College graduates this year can expect good pay and an easy transition from campus to office, says a leading magazine. Smart undergraduates have already been tapped, and the not-so-smart ones won't have any serious worries.

Engineers lead the pack of the most-wanted man. Need for them is better than one-third higher than it was a year ago. Then, in order of demand for them, come salesmen, business trainees, accountants, chemists, production management experts, insurance men and financial trainees.

Although hundreds of recruitment officials have been beating the campuses looking for male help, they generally wait for the girls to come to them. Jobs where women are wanted include general business trainees, sales girls, secretaries, engineers, statisticians, chemists and merchandising experts.

The average starting pay for men is \$401, compared with \$383 per month a year ago. Engineers will get the most—\$433 a month. Accountants will average about \$389, salesmen \$385, general business trainees \$382. A master's degree is said to add about another \$100 a month to a neophyte engineer's pay, a Ph. D. an additional \$150 over that. Salaries for girls, job for job, are somewhat lower than for men.

## Companion

A man was moving with slouching feet; Midday, and the sun was riding high. But he saw no beauty in earth or sky. Beside him an unseen Spirit walked. And often and softly to him it talked:

"We've traveled together a long, long way, It said, "but I leave you, my friend, today.

I have followed you morning, noon and night, I have whispered warnings to guide you right, I have taken your hand, and urged you on To seize the chances that now are gone; I have coaxed and driven and pulled in vain, And thundered cautions again and again. To what avail! Ah, behold you now—The sunken eye and the lifeless brow.

I leave you, my friend, for there is no school For the man determined to be a fool!" "And who are you?" sneered the man with a grin. Said the Spirit, "The man that you might have been!"

## Editorial of the Week

PARTNER WITH THE SUN.

The sun has made his plans for 1957. Already he is heating up the southern edge of the mighty United States. Steadily the sun nudges northward to the irresistible miracle of a new season. The farmer's growing year gets underway.

A farmer cannot, like the sun, say how much he will advance each day. He knows that the year will include plenty of work and small certainty as to the amount of his pay.

The sun has never revealed all his secrets. Neither, we suspect, does many a farmer. Deep in his heart are rejoicings of which a farmer seldom speaks. He is touched by the innocence of animal babyhood. Something stirs within him as his pastures green up and his crops come through the soil. He glows more than he will admit at the marvels of his land.

After the fields and crop are planned, after the seeds and fertilizers and fuels have been engaged, he has other secret plans and hopes. This may or may not be the year of a good crop and good prices. Maybe, though, it can be the year when no quarrels may be heard in the house, when man and wife and children will laugh more together at home, and play on bits of vacation, when the family will grow closer in love. Come rain or shine, 1957 can be a year of gentle and gracious living and of farm-grown delight.

A farmer and his family are partners, and he is a partner with the sun.—Farm Journal.

## RECALLING Other Years

Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

Among news items of interest in the Hamlin community 20 years ago were the following, reprinted from the issue of The Hamlin Herald dated June 25, 1937:

Helpy-Selfy Grocery advertised the following prices: Tomatoes, five cents pound; coffee, fresh ground, two pounds, 25 cents; hamburger, 10 cents pound; and cigarettes, 15 cents package.

Eleven new rooms will be provided in the new addition to the Harden Hotel, which is well underway on South Central Avenue.

Last Thursday night a big fire consumed most of the business buildings at Sylvester. The Hamlin fire department responded to a call for help, but the blaze was too far gone to be quenched.

Viola Rountree of Hamlin and R. T. Spaulding of San Antonio were married last Thursday at Olney. The bride had been employed at Wichita Falls for the past two years, and is the daughter of Mr. and Mrs. J. D. Rountree of Hamlin. He is the son of Rev. and Mrs. Frank T. Spaulding of Hoodriver, Oregon.

Mrs. Joe Stinson was hostess for a meeting of the Stitch and Chatter Club Thursday afternoon. Attendees included Mmes. L. H. McBride, J. V. Harrell, Z. T. Wilson, Harold Bonner, R. B. Wier, Roy Garner, Turner Beard, Jack Miles, C. E. Snell and Miss Eleanor Temple.

### TEN YEARS AGO.

Reviewing the past, The Herald reproduces the following items of interest in the community 10 years ago, taken from the issue of The Herald dated June 27, 1947:

Construction is well underway on the new Hamlin Memorial Hospital and the new Banner Creamery plant in Hamlin.

Hamlin's square dance team, composed of Morris Books, Cricket Fomby, Mr. and Mrs. Homer R. Raney, Mr. and Mrs. Joe League, Mr. and Mrs. Red Miers and Mr. and Mrs. Tom Vaughan, will participate in the district festival Saturday night at Sweetwater.

Mr. and Mrs. G. W. Tate and Mr. and Mrs. G. W. Tate Jr. of Lubbock and Mr. and Mrs. Walter Hicks and two children of Corpus Christi are here this week as guests of Mr. and Mrs. Clyde Angel.

Lupe Cave and Nazik Hassen were delegates from the Hamlin First Methodist Church to the summer assembly of Methodist Youth Fellowship at McMurry College in Abilene June 2 through June 6.

Lois Anderson, daughter of Mr. and Mrs. V. V. Anderson of Hamlin, became the bride of Maurice (Cy) Clayton, son of Mr. and Mrs. C. P. Clayton of Bryson in a ceremony read in the Little Chapel in the Woods at Denton Monday morning.

### FIVE YEARS AGO.

Goings-on in the Hamlin community five years ago included the following, reproduced from the issue of The Hamlin Herald dated June 27, 1952:

Because of the continuing shortage of water in Hamlin due to the drought, water will be shipped into the city beginning next week from Rule and Rochester wells, it is announced by Mayor Mac Brundage. Restrictions and upped rates are expected to control the use of water considerably.

A new farm-to-market highway is being worked up between Hanna and Tuxedo, passing through the Plainview community. It is announced by County Judge Roger Q. Garrett.

Two business houses at Sylvester were entered Thursday night and about \$200 worth of merchandise taken, reports Sheriff R. L. Wilkins of Roby.

### ONE YEAR AGO.

As we recall other years in the Hamlin territory, we reprint the following items of interest taken from the issue of The Herald dated June 28, 1956:

Parking meters were removed from the streets of downtown Hamlin for a six-month trial period in emergency action taken last week-end by the City Council in response to petitions of business men and others, who contended the meters were hurting trade in the city.

Scores of former residents of the community are scheduled to attend the eighth annual Neinda homecoming Sunday, according to leaders of the community affair.

Patronage dividend checks totaling \$71,454.70 were distributed to officials of 38 member firms last Thursday at the annual business session of the Midwest Cooperative Oil Mill at Hamlin.

## Movement of Livestock to Markets Slowed by Farm Work, Prices Steady

The movement of livestock to market at Fort Worth, and all around the major marketing circle, was of only moderate proportions, declares Ted Goudy, special market reporter for The Herald, in his weekly release. He continues: All species were in smaller numbers than last week and well behind a year earlier.

Pre-occupation of farmers with field work was given as a major part of the credit for the moderate movement.

Despite a drop of four to seven cents per pound at major wholesale meat markets in the Eastern Seaboard and Midwestern areas over the week-end, hog prices were strong at all points and at Fort Worth the top was \$21, hitting a new high for the year. This was 25 cents above last week's close. Medium grade butchers sold from \$16.50 to \$20. Sows drew \$18 down.

Out-of-state demand for both stocker and slaughter cattle and calves enabled trade at Fort Worth to get away to a favorable opening session Monday. The prices were fully steady.

Good and choice fed steers and yearlings cashed at \$20 to \$23.50, while common and medium slaughter kinds sold from \$12 to \$19. Stocker steer yearlings sold from \$21.50 down, and feeder heifers sold from \$20 downward.

Good and choice stocker steer calves cashed at \$20 to \$24, and heifer calves ranged mostly from \$21 down. Good and choice slaughter calves cashed at \$19 to \$22 and cull, common and medium sorts sold from \$10 to \$19.

Fat cows sold from \$13 to \$15.50, and canners and cutters cashed at \$9 to \$13. Stocker cows drew \$10 to \$14. Bulls sold from \$11 to \$15.75.

Trade was active and prices were fully steady at Fort Worth Monday in the sheep yards. The run included relatively small numbers of choice grades, and a good many of the lambs showed excessive fills due to the high temperature.

Good and choice slaughter spring lambs sold from \$20 to \$21.50, and common and medium slaughter kinds sold from \$14 to \$19. Good grade feeder spring lambs sold from \$18 down.

Good and choice shorn slaughter lambs cashed at \$16 to \$18, and cull to medium shorn lambs sold from \$10 to \$15. Stocker shorn ewe lambs cashed at \$18.50 downward. Slaughter ewes sold from \$6 to \$7. Two-year-olds were reported from \$10 to \$15, and aged wethers sold from \$10 to \$13. Old bucks sold around \$5 to \$5.50.

A check of the prevailing prices at Fort Worth in June a year ago reveals sharp improvement on cattle and calves. Hogs are also selling far better than last year. However, lambs enjoyed a \$24 top last year at this time as compared with \$21.50 at Fort Worth Monday.

Shorn yearling lambs a year ago sold up to \$20 against an \$18 top this week.

Cattle and calves prices are far ahead of last year. Fed steers and yearlings at \$23 to \$24 this week compare with \$20 to \$21 beeves at this time a year ago. Slaughter cows ranged from \$7 on low canners to \$13.50 on best fat cows a year ago. A similar kind sells from \$8.50 to \$15.50 this week. Bulls topped at \$14 a year back against \$15.75 this week.

Stocker steer calves a year ago stopped at \$21.50 against \$24 this week. Heifer calves sold from \$16.50 down against \$21 Monday. Steer yearlings a year ago sold at \$18 down against \$21.50 Monday. Feeder heifers at \$15.25 a year ago compare to \$19 to \$20 Monday.

Hogs topped at \$16.50 to \$17 a year ago, and similar hogs drew \$20.75 at \$21 Monday. Sows at

## Oil Industry Paying One-Third of Tax Bill

One bona fide Texas "oilionaire" who never risks "going broke in the chance and complicated game of oil finding is the state. The petroleum industry picks up almost one-third of the state tax bill every year—well over \$228,000,000. This is over one-half of all taxes the state collects from industry.

Much of the money goes to build and improve Texas public schools which, over the years, have benefitted to the extent of some \$228,000,000,000 — \$31,000,000 in 1955 alone. From 1924 through 1955 the university fund received more than \$226,000,000 in payments for leases, bonuses and royalties.

## TAKES FOUR TO PLAY.

Four old cronies, sitting in the back of a general store, had just finished their last hand at poker when the sheriff surprised them. "I've got you now," he shouted. "What have you got to say for yourselves?"

"Don't look at me," said the first. "I just dropped in to warm up at the stove."

"I just came in to talk," said the second.

"And me, I'm just visiting," said the third.

Then the sheriff turned to the fourth man who all this while had been studying the cards in his hand. "And you, I suppose, are going to deny that you were playing cards, too?"

## Independence Day

More and more the freedoms that we in this liberty-loving country enjoy are cherished when we reflect the fact that so much of the world today is still in turmoil and confusion. What our forefathers fought for and brought down to us, we are determined to keep as our heritage. These freedoms have stood the tests of 180 years. They shall continue to be our only thought as we maintain zealous alertness against the threatening hordes that would destroy these principles.

Farmers & Merchants National Bank of Hamlin will be closed Thursday, July 4, in observance of Independence Day. We ask that you please arrange your banking business with this in mind.

## Men Between 25 and 44: Be Unusually Careful in Driving on Fourth of July

If you are a man between 25 and 44 years old, and you drive a car, be extra careful in traffic over the Fourth of July week-end. Hamlin area motorists are advised.

The National Safety Council, which is conducting a nation-wide campaign to hold Fourth of July accidents to a minimum, says the typical holiday traffic victim is a male driver between 25 and 44 years old. He usually is the only one killed in the crash in which he is involved, either because he is alone or because the others were lucky enough to escape death.

The accident in which the typical holiday victim dies occurs be-

tween 6:00 p. m. and midnight—with the odds on 6:00 to 9:00 p. m.—on the night of the first full day of the holiday period.

The accident is most likely to occur on a rural highway or in an unincorporated area, and the chances are good that the victim has been drinking.

The typical victim is speeding when the accident occurs. It is caused by an out-of-control plunge off the road or a rending crash with another car.

A recent study by the council of holiday traffic accidents shows that the most dangerous period for the holiday traveler is while en route to his holiday destination, rather than the trip home.

Motor vehicle accidents lead the list of Fourth of July hazards, the council says. Drowning from swimming and fishing accidents is the second biggest risk. Other causes of death are fireworks and firearms, sunstroke and heat exhaustion, food poisoning and falls.

One hundred and fifty-eight national organizations have joined with the council in a united effort to curb these accidents. The Fourth of July safety campaign is designed to increase public awareness of the extra holiday hazards and the extra caution needed to overcome them. It also seeks to help officials, traffic officers and safety leaders in their efforts to hold down the death toll.

Mr. and Mrs. Lefler Bruner of Columbus, Georgia; Mrs. Fred Mayfield of Longbeach, California; and Mrs. W. G. Fielder of Alpine are visiting their mother, Mrs. Mattie Bruner, for a few days.

**WATCHES HUSBAND DROWN**—Friends and relatives restrain 18-year-old Mrs. Alice Swanson after her husband, Harvey, 32, was drowned 75 yards off shore in Mountain Creek Lake near Dallas, when he fell from a boat towing his brother on water skis. Rescue workers pulled his body from the lake 45 minutes after the mishap but attempts to revive him failed.

## Annie Laurie Woods Becomes Bride of Billy Max Henderson in Sunday Rites

Annie Laurie Woods and Billy Max Henderson, both of McCaulley, were married at the home of the bride's parents, Mr. and Mrs. J. W. Woods, Sunday evening.

The double ring wedding vows were read by Rev. Gene Y. Brock at 3:00 p. m. Sunday, as the wedding party stood before the fireplace flanked by white potted flowers.

Mr. and Mrs. G. C. Henderson are parents of the bridegroom. James William Woods, brother of the bride and Barbara Ann Henderson, sister of the bridegroom, both of McCaulley, attended the couple.

The bride, given in marriage by her father, wore a white embroidered organdy dress styled with fitted bodice, Peter Pan collar, a full skirt of plain organdy made ballerina length. A shoulder length veil was scattered with pearls and she carried white roses tied with satin love knots on a white Bible. Jewelry was a strand of pearls, a gift from the groom.

Barbara Ann, sister of the bride, wore a light blue embroidered cotton satin dress and carried white daisies.

A reception following the ceremony was held in the home and Mrs. L. C. Lofland, C. M. Woods, Melvin Henderson, Jack Gallo-way and Miss Barbara Ann Connelly, assisted in the houseparty.

The bride's table was laid with a white cutwork cloth over blue and centerpiece was pink roses.

For traveling on the wedding trip to Carlsbad, New Mexico, the bride chose a beige linen sheath and jacket with beige accessories.

The couple will make their home at 136 Southwest First Street in Hamlin.

Lynn Brannon Back From CF Girl Camp

Lynn Brannon, daughter of Mr. and Mrs. Wilson Brannon of 501 Northwest Avenue I, has returned from a week of camping at Camp Letoli.

Camp Letoli is located five and one-half miles north of St. Jo and is sponsored by the North Central Texas Area Council Camp Fire Girls, Inc.

Lynn is in the second grade Blue Bird unit. Their camp was known as "Blue Bird Valley".

She received certificates for swimming and riding, and engaged in crafts, music, dramatics, story telling, hikes and cook-outs.

During the past year Lynn has been member of the "Sunshiners" Blue Bird group of Hamlin under the leadership of Mrs. Richard Young, Mrs. Jack Miller and Mrs. Wilson Brannon.

Mr. and Mrs. Brannon visited their daughter the last day of camp and viewed the horse show and water show presented by the group of girls.

The first five and 10-cent store was founded in Utica, New York, in 1879.

"New Tablet Relieves Painful Monthly Cramps—Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y., Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin!

Relief for 3 out of 4 Tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress.

Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also liquid Lydia Pinkham's Vegetable Compound.)

MAKING HER HOME IN HAMLIN following a brief wedding trip is Mrs. Milton Carter (above) who was before her recent marriage Katherine Donham, daughter of Mr. and Mrs. Dawey D. Donham. Young Carter is the son of Mr. and Mrs. Glenn Carter.

## Punch for Teen-Age Party Is Easily Made with Simple Grape-Ade Base

Teenagers and pre-teenagers seldom need an occasion to stage a party, but when a ready-made theme is found on which to hang a jamboree, then a party becomes that much more festive.

A graduation party, for example, delayed until the park or other location is warm and sunny, is a wonderful excuse to hold a gathering for the clan. And school colors are most effective for this

important occasion. While the outdoors will provide plenty of space for impromptu games, the food can carry out the color scheme to some degree.

Besides having the youngsters' specialties of hamburgers and hot dogs, you might serve tiny cakes decorated saucily. Ice cream in different flavors is a possibility if you have an ice chest in which to transport it.

Punch is one way to bring both color and flavor into the party the easy way. There are many ready prepared fruit drinks obtainable today, so that you can make virtually any beverage the matriculating crowd wants.

If purple and gold are the school colors, and this deep-toned punch made with tangy grape-ade would be just the thing. Small scoops of pineapple or lemon sherbet floating on top the punch will lend contrast in color.

**Grape-Ade Punch.** Combine one quart grape ade, one-fourth cup sugar and one-half cup grapefruit juice. Place this in the thermos and carry to outdoor eating site, along with two quarts of ginger ale. Just before serving, pour fruit juices into a large pan. Add ginger ale and mix well. Float scoops of sherbet on top.

**OTHER TIME GAUGE.** A father was teaching his small daughter to tell time.

"These are the hours, these are the minutes and these are the seconds," he said, pointing them out on the dial.

The small girl looked puzzled. "Where are the 'jiffies'?"

French is the official diplomatic language of the world.

## Faith Simpson Honored with Gift Tea In George Malouf Home Friday Eve

A gift tea was given in the home of Mrs. George Malouf last Friday honoring Faith Simpson, who will wed Charles Absher early in July.

Miss Simpson wore a street length sheath dress of white shantung taffeta, accented on the front of the bodice with a cluster of rhinestones. A fly-away panel gave back interest to the trousseau frock.

Mrs. Malouf greeted guests and introduced the honoree; her mother, Mrs. Joe A. Simpson; and Carol Joe Simpson, who will be her sister's maid of honor.

Guests were invited into the dining room by Mrs. Clyde Grice. Refreshments were served by Miss Ann Holt, assisted by Mrs. Parker Kelley, Mrs. Marvin Carlton and Mrs. S. T. Constantine of Midland.

The table, laid with a white linen cut work cloth, over blue, featured a large arrangement of white daisies, blue tapers in crystal candle holders, and blue satin bow and streamers, revealing the names of the bride and groom and their wedding date.

The blue and white motif was repeated on the buffet where there was another arrangement of daisies and blue tapers burned in tall silver candleholders, before a large gold framed mirror.

Piano music was presented by Marisue Daniel and Bunny Patterson.

The gift rooms were decorated with gardenias, magnolia blossoms, and other summer flowers.

Mrs. LaFoy Patterson, Mrs. L. B. Baker, Mrs. Lula Mae Crawford.

**Eastern Star Group Installs New Officers Last Thursday Night**

Mr. and Mrs. Roy Wilson were installed at Worthy Matron and Worthy Patron at an open installation of officers of the Hamlin Chapter No. 460 Order of the Eastern Star last Thursday at the Masonic Hall.

Other officers installed included the following: Mrs. Paul Cain of Sweetwater, Deputy Grand Matron, District II, Section 7, Grand Chapter of Texas; Mrs. Paul Goodgame, Past Matron of Hamlin Chapter No. 460 Marshal; Mrs. Dick Maberry, Past Matron Chapter No. 460, Organist;

Mrs. A. A. Watson, Abilene Chapter No. 30 Chaplain; Mrs. Roy H. McCurdy, Past Matron, Chapter No. 460 Secretary; Mr. and Mrs. Clarence Hyer, Associate Matron and Associate Patron;

Ira Clements, Secretary; Mrs. Lydia Hudson, Treasurer; Mrs. Dor Lock, Conductress; Mrs. Herchell Phillips, Assistant Conductress;

Mrs. Joe League, Chaplain; Mrs. Floyd Briscoe, Marshall; Mrs. Charlie Abbott, Organist;

Mrs. Evelyn Brigham, Ada; Mrs. Gladys Mitter, Ruth; Mrs. Lennie Cochran, Esther; Mrs. Inez Ferguson, Martha; Mrs. Jack Vaughn, Electra; Mrs. Kelly Scott, Warder; Don Lock, Sentinel.

A reception followed the installation in the dining hall and around 150 members and guests were served.

## Hot Cheese Biscuits Make Tasty Treats

Have some biscuits left from dinner? Try this suggestion offered by home economists:

Split cold biscuits and sprinkle bottom rounds generously with shredded cheddar cheese. Cover with biscuit tops and reheat in moderate oven until cheese melts. Delicious for salad or soup lunches.

## A HORRID STORY.

Two lions escaped from the zoo in Washington, D. C., and didn't meet again for three months. One was fat, the other nothing but skin and bones.

When they finally met, the skinny one said, "I've never seen you looking better. How in the world do you manage to be so well fed?"

The fat lion replied, "I've been hiding in the pentagon, eating a colonel a day. So far, nobody's noticed it."

The Herald has carbon paper.

## Naomi SS Class Hold Friday Morn Social

Naomi Sunday School Class of the First Baptist Church held their social last Friday morning at 8:30 in the home of Eve Eade.

Clara O'Neal gave the devotional and opening prayer was Winniewee Abbott.

A birthday party for Vincie Walton, teacher of the class, was held and a gift was presented from the class.

Refreshments of open face sandwiches, doughnuts and coffee were served. Hostesses were: Ruby Perryman, Macie Pemberton and Lella Lain.

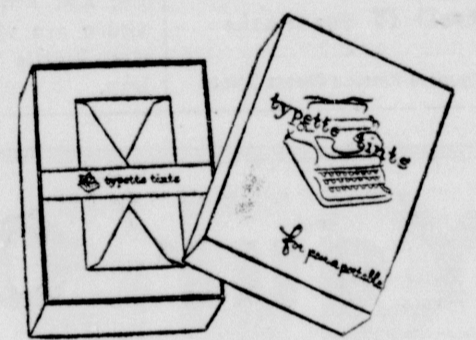

Those attending included: Winniewee Abbott, Clara O'Neal, Ola Waymire, Ruby Brown, Billie Goodmn, Lillian Greer, Lulama Crawford and the honoree, Vincie Walton.

Chicago was once called Old Fort Dearborn.

# Sir—I'll Buy That!

Yes, sir, Mr. President! As the Electric Servant, my average hourly residential wage has been going down steadily, right along!

Let's look at the record of my hourly wage in homes across West Texas:

In 1937 (20 years ago) it averaged . . . 4 2/10¢ an hour

In 1947 (10 years ago) it averaged . . . 4¢ an hour

In 1952 (When you became President) it averaged 3 3/4¢ an hour

In 1957 (Today) it averages ONLY . . . 3 1/4¢ an hour

Can anything else that you know of match that matchless record?

# State Capital NEWS

By Vern Sanford, Manager, Texas Press Association.

It's vacation time in Texas. During the next three months millions of people will stream to every corner of the state in search of relaxation.

But a lot of home folks will stay home. They make a living catering to the tourists. Vacationing is big business in Texas. And it promises to get bigger.

Last year nearly 8,500,000 out-of-staters visited Texas—only 12 per cent on business. They spent \$350,000,000 for food, lodging, gasoline and entertainment.

Next year's voters will decide whether to try to hustle in even more visitors and money through nationwide advertising. A proposed constitutional amendment to remove the ban on spending state funds for advertising was passed by the last Legislature. It will come to a vote at the November, 1958, general election.

Meanwhile, several state agencies and a host of municipal and private organizations give out information on how to have fun in Texas.

State Highway Department has just issued a brand new map telling how to find your way over the state's 100,000 miles of roads. It includes 20 full color pictures, and a warm welcome to the "land of hospitality." Available free from the department.

State Parks Board, housekeeper for 49 state parks, plans many new camping, swimming and picnicking facilities. It got a "generous appropriation" from the Legislature, said the board.

Texas Game and Fish Commission has help and advice for the one in every four Texans who hunts or fishes. Its numerous publications give guidance ranging from where the fish are biting to what to do for snake bite.

Year's Water Supply.—Without another drop of rain, Texas' 35 major reservoirs now have enough water stored to last a year.

Heavy spring rains have poured

3,000,000 acre feet of water into the reservoirs filling them to 92 per cent capacity, reports the State Board of Water Engineers. Storage is about twice that of a year ago.

**Flood Survey Sought.**—But the unprecedented rains brought on problems. State Water Board wants money to make an emergency survey of what the floods did with a view to learning how to prevent future destruction.

Both the board and Governor Price Daniel requested an appropriation for this from the last Legislature. But it didn't go through, so now the board has asked donations from the state's five water districts and river authorities.

It wants several thousand dollars from each totaling \$17,000.

**New Insurance Commission.**—A district judge, a federal justice department attorney and a former commission member will take over reins of the reorganized Board of Insurance July 1.

As chairman for the new board Governor Price Daniel appointed District Judge Penn J. Jackson of Cleburne. Serving on the bench since 1944, Judge Jackson is former president of the State Bar of Texas judicial section.

Other new member will be David B. Irons of Fort Worth, former assistant attorney general under Daniel, now with the Department of Justice in Washington. Joe P. Gibbs of Seguin, retired board member who returned last spring at the governor's request, fills out the new board.

An acting commissioner of insurance is to be named by the board to serve until September 1 when legislation for a permanent commissioner takes effect. He will receive \$20,000 a year, and be charged with administration of the department.

**Goodbye to Chips.**—Texas gambling has got to go, says Attorney General Will Wilson. An all-out effort to shut down the multi-million-dollar empire in Galveston was called just the beginning.

Wilson and Department of Public Safety Director Homer Garrison Jr. cooperated in planning a massive raid on Galveston's illegal establishments. But the gamblers got word, closed up and cleared out ahead of the raid.

Wilson's staff followed up by filing padlock suits—boxes full of

## KERRY DRAKE

them—to try to prevent the places from re-opening.

Wilson and Garrison said they would follow the same pattern in other areas. First, local officials will be called on to suppress gambling and state cooperation offered. But, said Wilson, "if local officials fail to do this job, we will do it from the state level."

Governor Daniel gave his full backing to the crackdown, hailed it as the "beginning of a new era in law enforcement."

**More Science for Teens.**—More study, with emphasis on science will be required of future high school graduates.

New standards set up by the State Board of Education direct

that:

1. Graduates complete 16 units of study, rather than present 15, including two years of laboratory science.
2. Physical education cannot be counted in compiling the units.
3. Not more than one class period of the day may be used for competitive athletics.

New rules will take effect during the 1958-59 school year, but are to be applied to ninth graders next fall.

**Short Snorts.**—No one person has a right to all the water in the river, ruled the Third Court of Civil Appeals. Its decision favored the Great American Development Company which sued a

Comal County land owner, Clayton N. Smith, after his irrigation pump dried up Rebecca Creek.

Governor Price Daniel has asked the Army Corps of Engineers to remove silt and sand blocking the mouth of the Brazos River where it enters the gulf. Recent floods have shown the need for an adequate discharge channel, he said. . . . State Supreme Court upheld an order of the Industrial Accident Board preventing two Waco attorneys from practicing before it. While the board does not have authority to disbar attorneys, ruled the court, it does have a right to require ethical practice from those appearing before it. . . . At the end of the first five months of 1957

Texas farm products were commanding the highest prices since February, 1955. Prices of hogs, beef, lamb, chickens, eggs and wool were up substantially over the previous months. Overall increase was one and one-half per cent. . . . Number of polio cases in Texas has hit a 10-year low, reports the State Health Department. Up to mid-June the state had had 142 paralytic cases, 82 non-paralytic. Five months total for 1957 was 172 cases, compared to 375 in 1954; 548 in 1952; and 505 in 1950.

## TELEPHONE TALK

by Jim Garrett, Manager

**SHE'LL GET YOUR NUMBER**

Is your personal list of out-of-town telephone numbers complete and up-to-date?

If it isn't, we'll be glad to get any new numbers you need—free of charge, too. Just call Long Distance and ask the operator for the numbers you want.

As always, you'll find Long Distance service is much faster and more convenient when you keep a list and call by number.

Long Distance is a real bargain, too. You can call from Hamlin to Fort Worth for only 70¢ (station-to-station after 6:00 p. m. and all day Sunday).

**I LIKE MY PHONE BECAUSE**

If you were asked to name the one "main" reason why you like having a telephone, what would it be?

Time-saver, maybe? Housewives, especially, get so much more done during the day by using their telephone as an errand boy.

Business aid? The phone is an essential tool for most business and professional people.

Companion? Folks who have to stay close to home because of illness or family responsibilities find the telephone a reliable friend. Frequently, it's their number one means of keeping up with friends they don't often get to see.

Others find it reassuring just to have a telephone close by, knowing they can use it to call for help in an emergency.

But most of us, I imagine, like having a telephone simply because it's an easy, pleasant way to visit the people we enjoy and want to talk to.

Telephone service means a lot of different things to a lot of different people. For whatever reasons you like having a phone, you can be sure we're always searching for new and better ways to make it even more useful, convenient and economical.

**NOT OUT TILL YOU COUNT TEN**

Remember this old saying? "Don't lose your temper. Count to 10." Still pretty good advice, I guess.

And 10 can be a magic number for saving your telephone temper, too.

When you make a call and don't get a quick answer, a good rule of thumb is to wait at least 10 rings before you assume no one's there.

Especially during the summer—when people are out in the yard so often—it's a good idea to allow them some extra time to reach the phone.

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

## TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—When Rear Admiral Burton Davis, 56, shows up at a naval installation on an inspection trip there is a shudder, stem to stern. Things buzz, and there usually is a hasty trimming of sails, moneywise.

A native of San Antonio, the Annapolis graduate, class of 1923, is known on more than one of the seven seas for his salty language. When he speaks there's no doubt as to his meaning.

Seated restlessly at his pentagon office and looking like he would feel more at ease on the bridge of a battleship, he outlines some of his duties as director of the Navy's "On Sight Survey Board."

As one of the pentagon spokesmen described them, the inspection board members are "efficiency experts" who are out to see where a dollar can be saved. And, with no curtailment in defense strength.

Apparently gratified that his post at least lets him get away from his desk occasionally, Davis steered a somewhat evasive course when asked for a specific example of his duties. But, conceding it has to do with effecting economies in these budget conscious days, he cited a recent visit to a naval base in the Caribbean.

"We looked around and then said two words that saved some \$10,000,000," he said. "They were 'Stop it!'"

The "it" was some construction work that was just about to get underway, and which the admiral and his staff decided could be done without.

After his graduation from Main Avenue High School in San Antonio, Davis entered the U. S. Naval Academy, where he excelled in wrestling. For four years after his graduation he served on the USS Arizona while it was the flagship of a battle division. Prior to World War II his numerous assignments included service in the Philippines and as Naval ROTC instructor at the University of Washington and the Georgia School of Technology.

During the war he was commander for a time of the transport ship General T. H. Bliss in the Pacific and of a fleet oiler in the Atlantic. In 1945 he became chief of staff of fleet operations and training command of the Atlantic fleet. Since 1949 he has been occupied principally with inspection and survey duties.

Scheduled for retirement in August, he has been a rear admiral since June 1, 1951. He is the son of Mrs. Walker Davis and the late Weldon Davis.

Another Texan, a career naval officer continuing his way toward the top, is Rear Admiral Charles C. Kirkpatrick of San Angelo.

Now chief of staff to the commander of the United States Tenth Fleet, he is due to return from the Pacific late this year and take over as the chief of information for the Navy. He was here two years ago as a naval representative with the joint chiefs of staff. Since then he has had sea duty as commander of the cruiser USS Bremerton.

Kirkpatrick, now 50, grew up in San Angelo and still is called "Chili" by old friends there. A friendly, somewhat lean man, he was graduated from the Naval Academy in 1931 and after duty on the USS Pennsylvania was sent to the submarine school at New London, Connecticut. He became one of the Navy's top authorities on submarine operations.

Among several awards for service in World War II he holds the Navy Cross "for extraordinary heroism . . . in an aggressive and highly successful war patrol in close proximity to enemy controlled shores during the period April 13 to June 14, 1942." His submarine was credited with many daring raids on Japanese naval and merchant ships and numerous kills.

The Island of Corfu is on the Adriatic coast of Greece.

## Dee Prewit to Play Greenbelt All-Star Game at Childress

All-District guard, Dee Prewit, son of Mr. and Mrs. L. E. Prewit of Hamlin, has been selected to play in the 8th Annual Greenbelt All-Star game to be played at Childress August 16. Dee was also All-District in 1955, and was All-Abilene Area in 1956. He plays both offensive and defensive.

Highly recommended by Coach Truman Nix, he was selected from over 100 graduating seniors, representing 49 schools in Texas and Oklahoma, nominated by their coaches. He will be coached by H. A. (Sandy) Sanford of Tarleton State College, Stephenville during the game. Sanford will coach the 24 star players for the West Team.

Dee will report to Childress August 11 to begin a week of conditioning and practice before the big Friday night event. In addition to game practice he will participate in the election of the Greenbelt Bowl Queen and will be a guest of the city during the week.

## Savings Bond Total Reported by County Chairman Humphrey

A. C. Humphrey of Stamford, Chairman of the Jones County Savings Bonds Committee, reports that Savings Bonds sales in the county were \$41,835 during the month of May. Sales during the first five months of 1957 were \$176,122 or 29.3% of our year goal.

Sales in Texas were \$13,840,433 during May which was an increase of \$260,000 over the month of April. The State of Texas has now reached 37.6% of its 1957 goal.

"I feel that if every citizen of Jones County will buy an extra during the remainder of 1957 our county will reach its goal. There is no safer investment than U. S. Savings Bonds since both the principal and interest are fully guaranteed by our government. Savings Bonds now earn 3 1/4% interest compounded semi-annually when held to maturity, and they now mature in eight years and eleven months," stated Joe Smith, District No. 16 Chairman.

**CANDLEPOWER.**  
"How old is Grandpa Higginbotham?"  
"I don't know, but when the cake was brought in at his last birthday party the room grew so hot they had to open all the windows."

FIRST WITNESS IN WASHBURN TRIAL—Hylon Buster, right, former San Angelo used car salesman and witness to the auto bombing of Mrs. Helen Harris Weaver, takes the witness stand as the first witness of the new Harry Washburn trial in Dallas. Defense attorney Charles Tesmer, left, is cross-examining Buster. Center is Judge J. Frank Wilson in whose court the case is being tried. Buster is the State's witness.

## \$1,500 in Cash Prizes Posted for Winners in Fisher County Rodeo

Some \$1,500 in cash prizes will be posted in the twelfth annual Fisher County Rodeo, which is scheduled in connection with the annual Fisher County Fair at Roby on Thursday, Friday and Saturday, August 22, 23 and 24. It is announced by Glen Webb, Roby rancher, who has been re-named director of the rodeo events.

Goat Mayo of Petrolia will furnish the rodeo stock, Webb declares.

Events for this year's show will include bareback bronc riding, ribbon roping, calf roping, saddle bronc riding, girls' barrel race and wild bull riding.

An added feature of the annual fair and rodeo will be a registered quarter horse show, in which 14 trophies will be awarded. Clown

## AS3c Donald Johnson Participates in Test

Army Specialist Third Class Donald A. Johnson, son of Mr. and Mrs. Manny S. Johnson of south of town, recently was a

participant in an Army training test with the 95th Engineer Battalion in Germany.

Specialist Johnson is an education advisor and instructor in the battalion's Company B. He entered the Army in October 1955 and arrived in Europe in April 1956.

The 24-year-old soldier is a graduate of Texas Tech, Lubbock and a member of Alpha Zeta and Alpha Chi fraternities.

## Hamlin Invaders Win Two Games June 19th

Hamlin's Invaders, colored baseball team, won two games at the recent Juneteenth celebration, according to a report made The Herald.

In the first game Grady Dixon, pitcher shut out the Abilene Cats by a score of 7 to 0. Roy Lee was catcher, Larry Marshall, first base; John Henry Chase, second base; J. C. Marshall, third base; "Speedy" Boden, short stop; David, center field; Boboby Ray, left field and Roy Wilson, right field.

Second game saw the Hamlin group with J. B. Haley as pitcher beat the Breckenridge Jim Dandy's by a close 3 to 2 score.

## Two Senior Fisher Co. 4-H Girls Attend State Round-Up at A. & M.

Two girls from the Senior 4-H Club of McCauley attended the State 4-H Round-Up at Texas A. & M. College last week.

They were: Frances Hill, daughter of Mr. and Mrs. Orvel Hill of the Golan community and Charlene Bowen, daughter of Mr. and Mrs. Bowen of McCauley.

Frances, a junior, at McCauley High School, attended as one of the delegates from Fisher County. Charlene, a senior, gave a demonstration on the R.E.A. Cooperative. This was the first time in attendance for both girls.

## Roger Babson Sees Major Automobile Congestion Unless Radical Step Taken

Congestion of automobiles in the United States is becoming more and more acute, declares Roger W. Babson, famous economist and analyst who is a regular contributor to The Herald, as he discusses the situation. He asserts:

Of two things I am sure—radical steps must be taken to head off the increasing automobile congestion in cities or else the sale of automobiles will decline.

Either a hundred billion dollars must be expended for road improvements or else readers had better sell their General Motors stocks on the next good rise. Furthermore, I believe that instead of spending money on new turnpikes, it would be better to double the width of our ordinary two-lane roads, making four lanes with a barrier in the middle. However, this would increase the congestion in cities.

Of course, the first thing which all cities should do is to keep all trucks off streets during the day hours—with deliveries permitted only between 6:00 p. m. and 8:00 p. m. This should be done at once, in every city having a population of over 50,000. The next step would be to eliminate all parking on downtown streets. A start has been made on this; but the problem has not been tackled heroically. Parking meters are a step in the right direction, but they are not the ultimate solution.

Frankly, if I were a young man today, instead of going into the automobile business, I would purchase land for a good downtown parking lot and gradually would make a chain of parking lots. It seems as if garages for parking would be a good investment if properly located. I shall watch with interest the new mechanical "push button garages" and note how they "take." I understand that such an open air four-story garage costs about \$400,000. At any rate, my guess is that during the years ahead there may be more money in parking automobiles than in selling automobiles.

Wise are the city authorities who now spend money to buy up old buildings and install parking lots. In fact, such parking lots are a city's main hope, combined with proper advertising and service for downtown retail stores. In this connection I repeat a former forecast that all new retail stores will be larger, will be confined to one floor, and that the clerks will be on roller skates.

If parking on streets is eliminated, this will speed up traffic and should help the bus companies of each city. On the other hand, more traffic lights should be installed at crossroads. The speedier traffic, the more traffic lights will be needed. The question is, how will the waits and congestion at these cross streets be eliminated? This now brings me back to Sir Isaac Newton's great basic law of action and reaction.

Automobiles will only continue to grow longer for a period, after which a reaction will set in and cars will be made shorter and shorter. Shorter cars, however, will not end the congestion at street crossings. In accordance with the law of action and reaction, when the sale of cars begins to decline, the sale of motor scooters, bicycles and roller skates will begin to increase. Now, let me give my final forecast on the solution of the traffic problem:

In most cities awnings are now permissible for retail stores. These provide protection to pedestrians against both rain and extreme sunshine. In most cities there are miles of these awnings over the sidewalks. My forecast is that these awnings will be replaced by thoroughways for the use of motor scooters, bicycles and perhaps foot passengers on roller skates. These thoroughways could be overhanging from the buildings just as the awnings now are; but they would be built by the city authorities, and a small toll charge could be made for their use. They would be no wider than the sidewalks and would be elevated over all streets. This would enable a cyclist to go from the city line into the heart of the city without stopping for crossroads or intersections.

These elevated "thoroughways"

## Value of Property Changes If Spouse Dies, Tax Man Says

You may not know it, but in Texas the value of your property changes for income tax purposes if either the husband or wife dies, according to a release from Tax Man Sam to The Herald.

This is best brought out by this example: John and Mary Doe bought the old homestead for \$1,000 in 1920. Before John's death they had a tax base for \$500 for John and \$500 cost for Mary. If either John or Mary had sold their half of the community property homestead, they

would have had to pay capital gains taxes on any amount above the \$500 cost. Suppose the old homestead was worth \$200,000 on the date of John's death, the children who inherit John's half of the old homestead have a tax base of \$100,000 instead of the \$500 that John had paid for the property.

A lot of people find it hard to believe (but it is still true) that Mary's half of the old homestead also increases, for income tax paying purposes, from \$500 to \$100,000 or whatever the fair market value of the property is on the date of John's death. This law pertaining to estates applies whether any federal estate tax is

**VERY EFFECTIVE.**  
A pastor has been telling the story of the two ministers who went to heaven and were detained at the pearly gates for a check-up he explained.

While the two ministers waited, a third man walked up and was admitted immediately. The church man wanted to know why.

"That's a tax collector," said St. Peter. "He's scared more hell out of people than both of you together."

due and paid or not. This law is worth many tax dollars to Texas widows because of the tremendous increase in property values in the past few years.

## MUSICAL NOTES.

# Trade in Hamlin

... your handy market and supply center

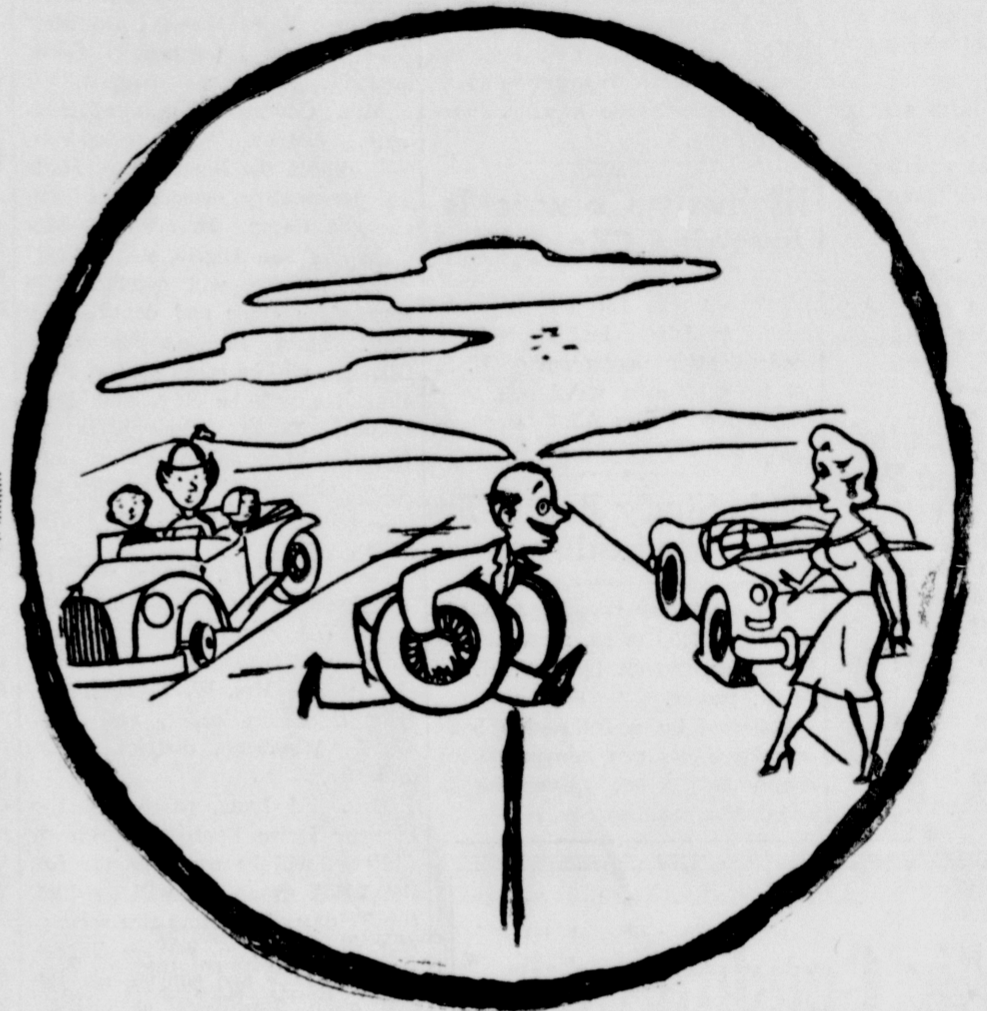

# Charity... non-profit type

Generally speaking, Charity is a virtue which lays up some treasure for us ... either here or hereafter.

But many charitable impulses earn small dividends ... such as the urge to assist beautiful maidens ... or to help Build Bigger Big Cities ... somewhere else.

Let's consider the least profitable of these habits ... letting the Big Cities charm us into giving to them and their people the growth and prosperity that our spending dollars create.

If they're in dire need, and we can get due credit for being charitable ... let's help them. If not ... let's keep the benefits our dollars pay for ... in the locality in which we live ... and enjoy them ourselves.

204  
COPYRIGHT  
1937 D. E. S.

Local merchants have millions of dollars invested in stocks of goods, buildings and facilities to make this town a convenient market and shopping center for all of us who live in this area. This CONVENIENCE is only one of the many advantages they offer us ... at no extra cost ... that the business firms in more distant towns and cities cannot give us.

**It Pays to Buy Where You Live!**

Of all the business establishments in the world—only those in Hamlin are intensely interested in the future of Hamlin and in the future of YOU who live here ...

## Irrigation Meet Is Set For Fisher Farmers Next Tuesday Eve

An irrigation meeting is slated for Tuesday afternoon, 1:30 o'clock on the Cecil Edwards farm three and one-half miles northeast of Roby, according to James S. Norman, Fisher County Agent and Max Sturdivant, Associate Agent.

R. V. Thurmond, irrigation engineer with the Texas Extension Service will conduct the meeting. Thurmond is well known and is considered to be an outstanding engineer in the field of irrigation.

Doyle Hammack, area engineer with the Soil Conservation Service, will assist Thurmond with the meeting. Hammack will cover various phases of soil management and how it enters into the management of a successful irrigation farming program.

Purpose of the meeting is to discuss and study, water supply, soils, methods of applying water, equipment and planning and designing a successful irrigation system.

Directions to the farm are: go one mile east of Roby on Highway 180, turn left (north) and follow the gravel road about three and one-half miles, cross the Clear Fork of Brazos and turn left. The farm is located along the river. This educational meeting is sponsored by the local Extension Service.

## Doyle Smith, English Teacher, Resigns Post

A letter of resignation from Doyle Smith, English and Speech teacher of the Hamlin High School, was received by C. F. Cook, superintendent, Wednesday morning.

Doyle gave finances as his reason of resignation from the local school and stated that he had enjoyed his stay in Hamlin.

## Five Hamlin Scouts Sign Up for Aquatic Camp at Sweetwater

Five members of Boy Scout Troop 43 of Hamlin have signed up for aquatic camp and school at Lake Sweetwater for area Boy Scouts starting Sunday, June 30, and ending July 6, according to Scoutmaster Weldon Johnson.

The boys are Bob Johnson, Jimmy Shivers, Ray Johnson, Jerry Smith and Jerry Duncan.

At this camp, swimming, life saving, rowing, sail boating, motor boating and canoeing will be taught.

There will be three sail boats, several row boats, motor boats and canoes available for the boys to use and receive instructions as to the proper and safe handling of each type of craft. Swimming and life saving merit badge work also will be taught.

In order to secure the Eagle Scout badge a boy must have earned a merit badge in swimming and life saving, along with 19 other merit badges. Several of the above boys only lack the life saving work in order to qualify for their Eagle awards, Johnson reports.

## Highway Contract Is Awarded Olney Firm

\$194,380 was the low bid submitted at Austin last week for a modernization program on U. S. 83 from Hamlin to Anson.

Low bidder was A&A Construction Company of Olney.

## Bible Study Begun By Faith Methodists

A Bible Study was begun Wednesday at 7:30 p. m. at the Faith Methodist Church by Rev. H. C. Adair, pastor.

Followed by a fellowship hour the attendants ate homemade ice cream and cake. Everyone is urged to attend.

## Baptist Youths Set Three Camps at Lueders for Week

Three Baptist youth camps will be held at the Lueders Baptist Encampment this week, according to a report from Mrs. R. F. Mahood, publicity chairman, of Stamford.

Intermediate Girls' Auxiliary Camp was held beginning Monday thru today (Thursday) noon. Sunbeam Camp, for the youngest campers started today (Thursday noon) thru Friday noon and the Young Womens Association Camp will be held Friday noon through Saturday.

Intermediate Royal Ambassador Camp was held last week and closed Thursday noon.

Opening the season officially was Rally Day on Monday, designed as a nouting of inspiration and recreation for the entire family.

Theme for the GA and YWA Camps will be "Look Unto Me." The Albany Intermediate Girls' Auxiliary will stage pageant.

Mrs. George Graham of Abilene, district WMU president, will direct the Beauty Box Hour in personality development for the GA Camp. Mrs. Phillip McGahay of San Angelo, state WMU representative, will conduct the counselors clinic and devotionals. Rev. Mart Hardin, pastor at O'Brien, will be camp pastor. Missionaries will be Rev. and Mrs. Lonnie Doyle, missionaries to Brazil. Mrs. John Petry will have charge of the handwork and John Petry, music and recreation.

Rev. and Mrs. Doyle will be missionaries to the Sunbeams and YWA groups. Mrs. Lenard Hartley of Sweetwater is district GA leader; Mrs. W. T. Teel, district Sunbeam leader, and Mrs. O. B. Woodrum, district YWA director.

Rev. Ed Laux, pastor of the Pioneer Drive Baptist Church of Abilene, will be camp pastor for the YWA group and will conduct the Friday night camp fire service and the 11 a. m. service Saturday. A hike and sunrise service will open Saturday's activities.

Complete safeguards will be taken at the camp and qualified lifeguards will serve at the new \$20,000 swimming pool, Rev. L. L. Trott, district missions secretary, and Rev. Henry Littleton, camp manager, said.

Mrs. C. C. Gallagher of Farmington, New Mexico and Mrs. W. C. Croft of Bakersfield, California are here by the bedside of their mother, Mrs. Ellerby, who is critically ill.

Mrs. A. A. Hackley was called to Amarillo for the funeral of F. L. Hackley, brother of the late A. A. Hackley, of Hamlin last Monday.

Go to The Herald for pen refills.

## Attendance Climbs at City Sunday Schools From Previous Week

A climb of 69 from the last week was recorded by Sunday School of the city Sunday from the 13 reporting churches. The 1168 total, however, was 39 less than the year ago figures.

Totals, by churches, for June 28, June 16 and a year ago follow:

Churches—	June 28	June 16	Year Ago
First Baptist .....	360	303	370
North Cen. Bap. ..	72	71	74
Ch. of Nazarene ..	85	71	82
Oak Gro. Cal. Bap. ..	47	40	33
Mexican Baptist ..	52	58	43
First Methodist ..	159	178	188
Foursquare Gospel ..	55	64	48

Church of Christ ..	131	134	160
Calvary Baptist ..	47	52	51
Faith Methodist ..	42	41	43
Assembly of God ..	47	29	38
United Pentecostal ..	18	14	14
Totals .....	1168	1099	1207

## Rotarians and Wives Attend Haskell Club Charter Night Meet

Twelve Hamlin Rotarians attended the charter meeting of the new Haskell Rotary Club held at the new Elementary School.

Sidney Gaines, District Governor, delivered the Charter to Bob King, superintendent of Haskell Schools, as first president of the club.

Those attending from Hamlin included: Mr. and Mrs. Bowen Pope, Mr. and Mrs. Curtis Dodd, Mr. and Mrs. Gene Prewitt, incoming president; Mr. and Mrs. Manly S. Johnson, outgoing president; Mr. and Mrs. J. C. Turner and Mr. and Mrs. Tate May.

The banquet was served by the homemaking department and 130 guests and members of the new club attended. Towns represented included: Abilene, Graham, Grandbury, Fort Worth, Olney, Wichita Falls, Stamford, Rule, Rochester and Hamlin.

Rule and Rochester Clubs sponsored the new club and David Eadens was District Governor Representative and led in origination of the new club.

## Irrigation Meet for Jones Farmers Is Set For Next Wednesday

Irrigation will be the subject of a meeting to be held in Anson next Wednesday in the county court room at 9:30 a. m.

Bob Thurmond, Agricultural Engineer, with the Extension Service of Texas A. & M., will conduct the meeting.

Everyone interested in irrigation is invited to attend.

## New Pews Installed By Faith Methodists

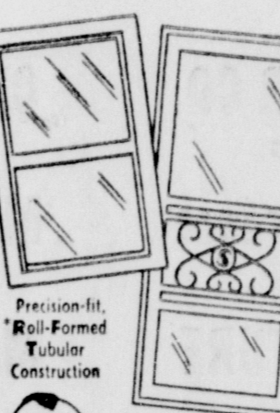

New pews for the Faith Methodist Church of Hamlin, have just been installed, according to Rev. H. C. Adair, pastor.

The pews of blonde oak in modern design were installed by the Southwestern Church Furniture Co. of Terrell.

The church is air-conditioned and open at all hours for prayer and meditation and visitors are welcome, the pastor concluded.

## John Selmon Still Is Typical Cowboy At Stamford Show

John Selmon, rugged and venerable foreman of the SMS Flat Top Ranch, is one of the familiar sights at the Texas Cowboy Reunion in Stamford each year as he leads the grand entry into the arena when the band strikes up the music to signify the start of another exciting enactment of the thrilling cowboy events.

With hands calloused by many years of hard work and minus a thumb and little finger on one of them, John is still very much at home on a horse (which may account for the slim waistline revealed by his blue jeans and western shirts). He was selected the most typical cowboy under 55 years old the first time in 1932 and would easily be identified as such even now on the sidewalks of New York or the streets of Paris, despite the additional years.

John and his boss, W. G. Swenson (called Willie by many who knew him when), general manager of the SMS ranches and president of the Texas Cowboy Reunion, are the only two persons who have been actively associated each year with the reunion since its origin in 1930. Both will be on hand July 2, 3 and 4 for this year's performance.

## Santa Fe Carloadings Drop From Year Ago

Santa Fe carloadings for the week ending June 15 were 25,420 as compared with 30,039 for the same week in 1956, according to a report made The Herald.

Cars received from connections totaled 11,598 as compared with 11,827 for the same week a year ago. Total cars moved were 37,028 as compared with 41,866 a year ago.

Santa Fe handled a total of 33,847 cars in the preceding week of this year.

OLD-TIMER with the Stamford Cowboy Reunion is John Selmon (above), long time foreman of the SMS Flat Top Ranch, is one of the familiar sights of the Texas Cowboy Reunion each year as he leads the grand entry into the arena.

## Six Jones County 4-H Go to Training Camp Held at Buffalo Gap

Six Jones County boys and girls and the two agents went to the District III Leadership Training Camp at Buffalo Gap last Wednesday through Friday.

Those making the trip were: Nelda Putnam and Marverine Shuquist of Avoca, Loretta Herring of Anson, Bobby Whitworth of Avoca, Douglas Beauchamp and Mark Holloway of Anson.

There was work groups in Safety, Wild Life, Entomology, Plant Life, Recreation, Soil & Water Conservation and Family Life. Each boy and girl had a choice of two different groups. Attendants were permitted to participate in swimming if they had their parents approval.

The Boston Massacre occurred in 1770.

## Ray Walker Assigned To Co. Agent's Office

Ray Walker, 24, a native of Jacksboro has been assigned to Jones County Agriculture Agent's office as Junior Assistant Extension Agent beginning Monday according to a report made by Bill Lehmborg, county agent.

Walker is married to the former Truett Waldrop and is a 1954 graduate of Texas A. & M. College where he majored in Agricultural Education. In May, 1953 he centered the armed service and was stationed in the San Francisco Bay area in California.

He will complete his training at Anson and will be assigned to a county at a later date. He is making his home in Anson.

Napoleon of France crowned himself because he considered that no one was great enough to do it.

Our sad-faced friend is Bill McGoo,  
Who thought he'd bought a car brand-new;  
And while he got a "special deal"  
His disappointment he can't conceal!  
While others drive in Swept-Wing style  
Poor Bill just mutters curses vile:  
"They got new styling, features, too—  
"I bought a 'deal'—boo-hoo, boo-hoo!"

**Moral: Yesterday's looks and features are no bargain at any price!**

No car is a bargain if it's obsolete in styling and engineering features. And the Swept-Wing Dodge actually *obsoletes* other cars in its field with its low, low look of tomorrow and revolutionary advances like Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't get "bargain-talked" into yesterday's styling and features. The same money buys the car that's years ahead. See your Dodge dealer. Join the swing to the Swept-Wing Dodge.

# NEIGHBORLY

is the word for Humble Service

That's the way Humble customers describe Humble service.

It's the kind of service that takes a neighborly interest in your car . . . that has a neighborly understanding of the way you want things done . . . that's based on neighborly courtesy and neighborly friendliness. It's service that Texans like and appreciate . . . that makes you feel at home the minute you stop on a Humble dealer's driveway. Stop for service under your neighbor's Humble sign.

HUMBLE OIL & REFINING COMPANY

Rest rooms under Humble signs are extra clean!

HUMBLE
